4. Indoor Outdoor Denim Blue and White Ikat Design Rug
18-705-DB-WH
 DIMS: W230 x D160 x H1cm

Polypropelene rugs are made from tightly woven, low pile fibres that are non-toxic, mould and mildew resistant. This material is non-absorbent which means you can happily use them outside and gently wash or brush off the dirt when needed. The PET Yarn range is made recycled plastics, that are cleverly presented in thin threads of polyester yarn enabling our weavers to manufacture them into textured, yet equally non-absorbent rugs. Both materials are made to look like wool, or sisal and other natural materials. So, you or your customer, can truly bring interior styling outside with our soft furnishing range of Rugs and Cushions.
