JENNY WORRALL DESIGNS ENGLAND

Part of our Brand Collection, the exclusive Jenny Worrall range beautifully captures the essence of nature, animals, in fact all manner of fauna and flora.

Often mistaken for ceramic, each lamp is in fact crafted from premium, weighty glass. The intricate process begins with the hand-selection of each glass base, followed by the placement of detailed decals, many of which are hand-painted at origin, inside the glass itself. Layer upon layer of paint is then applied, including subtle metallic accents, to achieve the distinctive and luxurious finish.

The result is a truly exceptional lamp base; timeless, elegant, and destined to become an antique of the future.

Shades & Accessories

As one of the UK's leading shade suppliers, we offer an extensive collection designed to suit every base, style, and setting. Available in a wide variety of fabrics, finishes, and colours, our range provides versatile lighting solutions for every interior.

Many of our tapered shades – both plain and patterned – feature a reversible gimbal, meaning they can be used as either a lamp or pendant shade. Most of our cylinder shades are also reversible in design, making them a flexible choice for table, floor or ceiling. For new additions to the range, gimbal type will be listed alongside each shade where applicable.

To help you choose the right fit, recommended shade sizes are listed with each lamp base on our website. You can also refer to this brochure to see which shade sizes we've paired with our Base Only lamps as a visual guide. Equally our Customer Support Team are always available to advise.

Please note: all shade dimensions are shown in centimetres.
