BOX FOR BRITAIN

Box for Britain is specializes in servicing jewellery boutiques with all their needs such as jewellery boxes, displays, tools.

Box for Britain is the one-stop shop to source all your packaging needs !

We hold a large stock base of current collections in the UK and provide hot foil printing in-house to customize your products, meaning a quick turnaround. New stock is delivered routinely, allowing the ranges to evolve constantly so that you are able to create a shopping experience that is always fresh and visually exciting.

Contact us for bespoke design projects – shop windows, interior cabinet displays, packaging, mannequins, bags and gift products. Our design team would love to create graphics and 3D models for your projects, providing flexibility for your specific requirements. Check out our online gallery/ Facebook/ Instagram to view our latest work for continuous design inspiration and innovation

Box for Britain hopes you enjoy this site and looks forward to servicing you.

Best regards.

Personalise your jewellery packaging and displays with;
Your Brand,
Your Design,
Your Ideas,
By Our Craftsmanship,
Perfect Results Every Time.

BRANDING

Box for Britain is a perfect place to have your packaging printed. Having your boxes or bags printed with your business name and/or logo is a great way to reinforce your brand and ensure your company is the first into your customers mind when they wish to make another purchase

We print boxes and bags using a 'Hot-Foil' technique. This is a one colour process which is done in-house using a selection of coloured foils. It is a process which combines heat and pressure leaving a thin coating of foil on the product. This is a very different process to ink printing. It uses a metal printing block which is heated and stamps onto the foil which is placed between the block and the box or case satin.

We use traditional hand-held machines, which makes short runs and a variety of packaging styles possible. As standard, we offer a one colour print, most commonly gold, silver and black. Printing blocks are manufactured from a UK supplier, usually within 2-3 days. To make this possible we require a 2D vector-based graphic, supplied by you or created by us as a PDF or Adobe Illustrator file. A set of printing blocks costs £50 and can be purchased by contacting us by email, or on the phone.

We look forward to hearing about your desired printing style.
