We have developed a range of jewellery boxes, rolls and trays which are offered for sale in fixed colour combinations. The larger boxes are sold in identical pairs and the smaller ones, the rolls and trays are available in mixed packs of one item and design in five different colours. You have the choice of classic, muted colours or bright vibrant colours. Alternatively you can have a pack of five identical items.

All items are available in a small range of designs. The ones available in each case are shown on the order form.

The **Classic colours pack** consists of one each: black lined black, red lined dark red, dark green lined dark green, navy blue lined blueberry and blackberry lined in dark burgundy.

The **Bright colours pack** consists of one each: orange lined dark brown, fuchsia lined amethyst, purple lined ceramique, royal blue lined in royal blue and aqua lined blueberry.

Our lining fabrics are all imported from Italy

## **TERMS & CONDITIONS**

**Prices ( Please note the minimum order applies to the total of goods ordered across all four Collections)**

Our minimum order is £200. All our products are sold in packs of two per colour per design for the large boxes and five per colour, either in Classic or Bright, and design for the smaller boxes and accessories

### **Carriage**

Carriage will be charged at cost. We use the post for small parcels and TNT for larger parcels

### **Returns**

Goods should be inspected at time of delivery and any loss or damage must be reported within 14 days and confirmed in writing to [info@thejewellersboxcompany.com](mailto:info@thejewellersboxcompany.com)

### **Lead times**

Our goods are hand made in Bangladesh and will normally be delivered to you within 8 weeks. Our warehouse department will inform you by email when we expect to be able to ship to you

### **Payment**

Your first order will be by pro-forma invoice. Subsequent orders payment will be 30 days after date of invoice

### **Care of our leather products**

Our products are hand made from vegetable tanned sheep or goats leather which makes the colours more vulnerable to light. Leather is a living material which is not happy in moist or very dry atmospheres.

Please be sure to unpack your boxes out of their protective cellophane wraps and store them in a cool dry place out of direct light. Air conditioning can sometimes cause condensation to collect on the boxes and this will damage them. Alternating heat and cold can bring out a whitish bloom which is the polish seeping from the surface. Normally this can be removed by using a soft dry cloth to polish the affected surfaces. The glazed finish of our boxes is such that if it is scratched polish will not repair it. On the other hand it is very soft to the touch and ages very gracefully. Cleaning only requires a soft cloth to polish it.
