WELCOME

Hello and welcome to Liz Corley Art!

LCA is a small independent business based on the edge of the beautiful Cotswolds.

I started the business in January 2021 creating original artwork inspired by my love of nature and the British countryside .

The artwork is printed on an array of homeware and accessories as well as other popular products.

I have also created a range of wood products which are individually hand painted by me before being protected with oils, wax or varnish.

I am excited to introduce my products to your business.

If you want to enhance your sales with sustainable products inspired by nature, allowing your customers to connect with the beauty of the environment while making eco-friendly choices, then look no further than Liz Corley Art.

"I am keen to preserve our countryside for future generations and so have ensured my products are sustainable wherever possible. Creating my wood art range involved lots of experimentation to get the right exterior varnish, one that was both environmentally friendly and effectively protected the work from our inclement weather. Using reclaimed and windfallen wood from ancient woodlands means the artwork is both kind to the environment and beautifully rustic."

These recognitions serve as a testament to the exceptional quality of LCA products, celebrating the unique and innovative craftsmanship that distinguishes our small business. They not only highlight our commitment to excellence but also validate the superior standards we uphold in every aspect of our production. These accolades reinforce our dedication to delivering products that exceed expectations, making LCA a trusted name.

PRODUCTS & PRODUCTION

We print the majority of our products in house to keep the pricing low by cutting out the print company costs. This also allows for tighter quality control.

There is no minimum order.

All our hand painted wood products are painted by Liz and each will vary very slightly due to the nature of being hand drawn and painted.
Please allow a longer lead time for hand painted products.

Hand Painted products can be ordered with a maximum order of 10 of each design (please note, hand painted products will have longer lead times for delivery).

For larger orders, the products can be full colour printed with the same designs using the latest DTF printing technology and then hand finished.
