EARTH SQUARED

FABULOUS AND FAIR TRADE

At Earth Squared, fair trade is why we started and continues to be at the heart of what we do.

We have worked with artisans in Vietnam for over twenty years, and are proud to be a member of BAFTS British Fair Trade Network and a verified B Corp.

SUSTAINABILITY

At Earth Squared we aim to put people and planet first which is why sustainability is so important to us. All of our fashion products use lining material made entirely from recycled plastic bottles and this year we are delighted to introduce a number of new ranges which use recycled outer yarns including our Tweeds and the Weave collection made entirely from ocean plastic waste.

Further, all handbags, purses and accessories will arrive with you in entirely biodegradable, compostable, recyclable and marine friendly bags. This innovative packaging biodegrades entirely after use – so that products reach you in perfect condition but with zero end of life problems.

B CORP CERTIFICATION

We are delighted to be B Corp certified – a certification which means we balance purpose and profit and are legally obliged to consider the impact of our decisions on the environment as well as our customers, workers and community.

As part of the certification, our processes and supply chain have been assessed by B Corp which has been a great way of learning our strengths and weaknesses, and growing as a responsible business. And by buying from a B Corp you can be assured that you are supporting a business committed to make a positive difference to the world around us.

GIVING BACK

We support a number of environmental initiatives in conjunction with GetGreenspark, all with the aim of reducing the impact of our carbon footprint. Since starting these initiatives -

- Our CO2 offsets are equivalent to: 621 Roundtrip flights from London to Los Angeles worth of carbon saved.
- Our collected plastic is equivalent to: 178,800 Disposable coffee cups worth of plastic saved from landfill.
- The trees we have planted are equivalent to: 3,320m² of forest area.

With lots more still to do...!

For more information please visit www.earthsquared.com/sustainability

Spring 2025

Yay! We love Spring, with the promise of longer days, sunshine and warmth (we are optimists). We genuinely believe the new Spring 2025 collection is our strongest yet, combining fantastic new designs and fabrics with the quality and value for money that you look for from Earth Squared. All of our products feature recycled lining materials, and many collections now feature recycled outer fabrics and yarns also. Plus you can rest easy knowing you are buying from a company with great ethical credentials and B Corporation certification.

Hope you like what you see, and as ever, thank you for your interest in Earth Squared.

Best wishes
Earth Squared
