

HEYLAND & WHITTLE

LONDON

OUR STORY

Heyland & Whittle is a British soap and home fragrance manufacturer well known for creating beautiful natural products, made in the traditional way.

Husband & wife team Paddy Heyland and Ursula Whittle founded their artisan soap and fragrance company on a farm in rural Surrey back in 2003

THE WORKSHOP

Step through the doors of Heyland & Whittle and their glorious fragrances greet you.

Dedicated skilled workers oversee with care and precision the handmade soap and bath melt production, diffuser filling and candle pouring. This is where all the products are formulated, made, wrapped and despatched to customers throughout the UK and across the world.

CLASSIC COLLECTION

Timeless elegance with a contemporary twist. Featuring eight finely blended, signature fragrances, this collection elegantly sets the scene.

Reed diffusers provide a continuous enveloping scent with refills available. Hand poured sustainable soy wax candles burn cleanly and evenly, while room mists deliver an instant burst of fragrance.

SLEEP EASY

One of our most popular fragrances, this calming blend of Lavender and Chamomile is designed to create the perfect bedtime atmosphere available in a range of products. Particularly popular is the mini pillow mist, a gentle spritz onto the pillow creates a calming scent which can help you unwind, relax and drift into a restful nights sleep ensuring sweet dreams every time.

MEN'S COLLECTION

This aromatic Men's collection is as easy to use as 1,2,3 - beard, hair and body scrub bars and a splash of No' 4 Eau de Toilette to finish. The sophisticated signature fragrance is Amber Oakmoss; rich, woody, warm and rounded. Use this collection of natural products daily for the very best shower, bathing and grooming experience.

CANDLES

Heyland & Whittle hand poured soy wax candles are available in eight glorious fragrances, expertly blended to suit the changing seasons and to soothe, relax or uplift your mood. Each candle burns cleanly and evenly if it has been lit for at least 2 hours once the pool of wax has reached the edges of the glass. All are boxed in responsibly sourced FSC recyclable card.

SOAPS

Our collection of fragrant handmade palm oil free soaps are reassuringly natural and fabulous to use. Made traditionally with only natural ingredients such as shea nut butter oil, essential oils, herbs, spices and pure colourants, and without parabens and sulphates - our soaps care for every skin type and sensitivity. Available in beautiful boxes made from responsibly sourced FSC recyclable card.

KALEIDOSOAP

Ingenuously named, this unique soap is a blend of our “off cuts” which is eco-positive and repurposing at its very best! All the scraps, misshapes and missfits across our whole collection of soaps are reworked by placing them back into the mould and a pure white soap poured carefully across the top of them to bind the pieces together resulting into an invigorating, imaginative and creative bar of loveliness!

WASHES & LOTIONS

Our collection of six washes & lotions deliver lasting fragrance naturally!

The hand and body washes gently cleanse thanks to hydrating glycerin and soothing aloe vera. Layer up with our hand and body lotion with vitamin E to nourish, moisturise, protect and fragrance the skin. Paraben free and kind to sensitive skins.

GIFT BOXES

These Heyland & Whittle gift boxes solve every gifting challenge. Look no further for a perfect present for a birthday, a love token or a thoughtful thank you. The 10 small soaps in this image is an opportunity to trial the soaps with a menu card showing what soap is where in the box, before deciding on your favourites which can then be purchased in a bigger size. It's perfection!

BATH MELTS

Fragrant bath melts, packed with soothing shea butter and nourishing cocoa butter and hand rolled in petals are an indulgent bath time treat.

Drop into a warm bath and allow the body butter oils to melt into the water. Once it reaches half its size, lift it out and keep for a second soothing bathing experience. Breathe deep and relax.

LUXURIOUS BATHING

Six fragrances of shea butter bath melts are available in this indulgent collection, either boxed individually or loose.

Greentea & Grapefruit, Wild Lemongrass, Neroli & Rose, Citrus & Lavender, Amber Oakmoss and the glorious Clementine & Fizz!
