# MY BAGS OF STUFF

WHOLESALE PACK

# ABOUT US!

Founded in 2016, MY BAGS OF STUFF is designed to help mothers navigate their way through parenthood while maintaining their own sense of style.

As a mum of three, I'm always on the lookout for accessories that are beautiful and stylish but also practical to use with my busy family.

We work hard to source and produce products that are sustainable or have minimal impact on the environment. Many of our bags are made from recycled materials or organic cotton. All our products are made in factories that are BSCI or WRAP certified to ensure fair and safe working practices to all involved in their production.

We only use vinyl that is OEKO-TEX Standard 100 Class 1 certified (Raw materials are ecologically inert and do NOT contain PVC, plasticizers or heavy metals) and many are vegan friendly too.

I hope you LOVE our bags as much as we love seeing you using them!
