

# T-SHIRT PAINTING CRAFT KITS

2025

## WHO WE ARE

Launched in 2020, Fab Dab Do's stencil kits are born from our years of knowledge hosting kids' workshops and craft parties. They're thoughtfully designed to ignite children's creativity, imagination, and artistic confidence.

We know children have always loved t-shirt painting, but they are typically messy and hard work. Therefore, after having tried and tested many painting methods over the years, we created a unique selling point with our meticulously crafted stencils and innovative, mess-free paint dabbers, resulting in a genuine 'wow' with every T-shirt created.

So, say goodbye to paint pots, sponges, and chaos, because our kits are the epitome of simplicity. No sinks or water needed = minimal mess, and maximum fun for t-shirt painting.

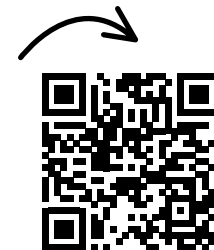

We offer a wide array of fun stencil designs, allowing kids to create and build confidence in crafting, with something to suit all interests.

We actively engage with our audience through workshops at family festivals, horse shows, and large Christmas shopping events to ensure we remain experts in the field and keep listening to our customers.

Designed and made in the UK

# FAB DAB DO PRODUCT RANGE

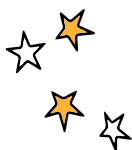

## T-SHIRT PAINTING CRAFT KITS

Designed to ignite children's creativity, this all-inclusive set allows them to transform a simple plain t-shirt into a personalised fashion statement they'll love to wear. Our high-quality fabric paint dabbers and stencils create bold, eye-catching designs with minimal mess. With vibrant paints, carefully curated stencils and a designer booklet filled with inspiring ideas, they'll learn essential techniques to elevate their designs. Each kit features two high-quality fabric paint dabbers that ensures what they paint will stay on the t-shirt and a quick iron over will fix the paint. Our stencils have been carefully designed to offer multiple t-shirt painting ideas and the stencils are washable, durable and reusable.

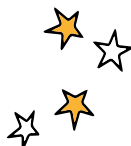

## PAINT DABBERS

Fabric Paint Dabbers come in sets of three and five with different colourways. These are a popular choice with customers due to minimal waste and mess, and another opportunity for upselling. There are 15 colours in the range.

# STENCILS

Unlock your child's creativity with these easy-to-use, flexible stencils!

These templates are a game-changer for parents looking to foster their child's creativity in a simple, mess-free way. With endless design possibilities they can let their imagination run wild, developing fine motor skills and self-expression along the way. And thanks to the durable, washable material, clean-up is a breeze. Treat the artist in your life to hours of creative fun with this must-have kids' stencil set.

## HAVE FUN WITH YOUR STENCIL

### AMAZING IDEAS:

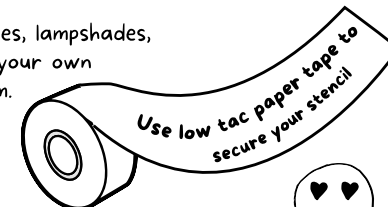

**PAPER CRAFTING:** use with pencils and felt tips for pictures, posters, cards, personalised wrapping paper, party decorations, paper puppets and bunting.

**T-SHIRT DESIGNING:** use fabric paint dabbers, fabric pens, sponges and rollers. Dab, Roll or Paint over your stencil and use kitchen paper to take off the excess paint.

**FABRIC DECORATING:** jazz up cotton pillowcases, lampshades, bags, upcycle t-shirts or design a pencil case with your own pattern. Make gifts or set up a shop and sell them.

**SURFACE PATTERN:** use with sponges and acrylic paints or fabric pens and spray paint to decorate walls and wooden furniture.

### WAYS TO USE:

- REPEAT** - build up a pattern by repeating one shape
- LAYER** - use colours to overlay a design for depth
- FLIP** - turn over to create a mirror image
- MASK OFF** - use tape to hide areas that you don't want to use
- ROTATE** - turn the stencil to change direction of the design

Please look after me and I will last for a **LONG** time!  
Keep me FLAT and pop me back into this pack  
**WIPE \* WASH \* KEEP \* RE-USE**

# FAB DABBERS - FABRIC PAINTS

Fabric paint dabbers are small in size (80mm x 30mm) so perfect for little hands as well as adults to enjoy. There's no waste with these dabber topped bottles, just squeeze and dab the paint out as you use it and the rest stays in the bottle! No waste means customers are able to use their fabric paint lots of times.

Colour mixing: Experiment with the fabric paints by dabbing over with another colour to make more colours.

Iron over the material to fix the paint to the fabric.

## SUSTAINABILITY

- Our products are designed and developed with sustainability in mind and not for one use only.
- Our kits are sustainably resourced and recyclable.  
Made in the UK.
- The plastic paint dabbing bottles are made with LDPE (Low Density Polyethene), recyclable and can also be re-filled.
  - The Fab Dabber bottle is designed and  
Made in the UK.
- The fabric paints are water based and manufactured to be used by children and do not contain any ingredients which are hazardous to health or the environment.  
Made in the UK.
  - The dabber component on our bottles means that you only use what you need. Therefore there is no paint waste and no liquid paint being washed down the sink.
- Stencils are made from Class A Mylar. Stencils can be washed, wiped down and reused many times.  
Designed by us and Made in the UK.
  - T-shirt – 100% cotton,  
Fruit of the Loom brand, made in Europe.
- Customers are encouraged to upcycle old t-shirts and sweatshirts.
