

Tilnar Art

I thought before I bought ☺

2025 Collection

Welcome to the 2025 Tilnar Art Brochure. We are looking forward to a very exciting year as we are launching many new Recycled & Eco-Friendly Collections.

We are thrilled that our Brushed Azeti Recycled Aluminium Collections have proved such a huge success for our retailers and we are expanding the range for 2025 with a radiant new Brushed Pink Collection.

We have taken a lot of time and care in designing the new products and along with the great skill and craftsmanship of our Indian artisans, it looks as if we have created a unique and innovative range that will prove very popular for years to come.

The New Products for 2025 that we are launching include an entire new AluminArt Collection of Wall and Garden Art including Tree of Life, Stag, Stag Heads, Robins and Highland Cows which are a multi purpose product, they can be used as wall art or placed on stakes in the garden. The new products that we are adding to our AluminArk Garden Collection include Pink and Black Poppies and a new AluminArk Dragonfly Collection.

All items will be suitable for displaying indoors or outdoors and we are excited to have created an innovative new product that has become a best seller. All the items are finished in our fantastic colourways with the brushed element giving a beautiful artistic feel to the products. These stunning sculptures, like the rest of our Aluminium Collections, are fair Trade and handmade in India and each product is, not only recycled, but completely recyclable making a perfect eco-friendly gift.

Our Pot and Plant Stakes and wall hanging attachments which are optional extras for many of our AluminArk products are proving very popular and will add a splash of colour to any pot, garden or wall throughout the year.

Please visit our website www.tilnarart.co.uk to see the entire collections. As always, the team will continue to strive to give you excellent service and an expanding, unique and vibrant Fair Trade range in the coming year.

The ingenuity, creativity and brilliance of our artists never ceases to amaze us and we hope that you will be impressed by the new environmentally friendly products we have developed for 2025.

Thank you for your continued support.

Tom Hawes

Tom, Nicky, Will & the Tilnar Team
