# The fragrance that captures the energy of the sea

Inis at Maresias, São Paulo, Brazil.

## Inis the Energy of the Sea

A sparkling, clean unisex fragrance, Inis instantly refreshes and makes you feel close to the sea - no matter where you are.

A boutique brand favourite around the world, the light and invigorating scent of Inis has an extraordinarily wide appeal to all ages, and to both women and men.

Inis is the Irish word for island, and the fragrance was inspired by the beauty and energy of the wild Atlantic coast of Ireland. The cold, pristine waters of the Atlantic Ocean are the source of the nutrient-rich seaweed found in all of our body care products.

## The signature scent of Fragrances of Ireland

We are a family owned boutique perfumery, and Inis the Energy of the Sea is our signature collection. Independent and passionate, we operate from a converted farmhouse in County Wicklow. For over forty years, we have been creating perfumes and personal care products inspired by the beauty, nature and magic of Ireland.

## We believe in small business

As a small, entrepreneurial company ourselves, we are devoted to the independent market. In support of local business, it is our privilege to partner with unique shops and boutiques in many countries around the world.

## Our commitment to dolphins and whales

The ocean is a place of wonder and magic, its energy is the inspiration for Inis the Energy of the Sea.

For over twenty five years, it has been our honour to be the core funder of the Irish Whale and Dolphin Group - dedicated to the protection, conservation and better understanding of dolphins and whales in Irish waters and around the world.

Their work helps ensure that the seas of the world will continue to be a source of delight and joy for generations to come.

**Inis captures the feeling of a perfect sunny day by the sea**

Clean, light, yet lasting fragrance - energising top notes of lemon and marine bring a fresh feeling like sunshine on your face, heart notes of lily of the valley are like a soft summer breeze on your body, while base notes of sandalwood and clove give an earthy warmth like sand between your toes.

Our signature frosted bottle allows the purity of the liquid to shine through, and the cap is reminiscent of glass pebbles you might find on a beach.
