# Table Living

Last year I had a real pinch me moment walking into stores and spotting the colourful, joy-filled ways you brought our new Bon Appetit collection to life. Thank you for helping our step into reusable tableware land with such confidence.

This season, we're keeping that energy flowing. Think brighter enamelware, bold icons and now a fresh chapter in ceramics too. Punnets for piling high, butter dishes for everyday joy and those decorative-but-seriously-useful spatulas and spoons. All designed with stand-out in-store display in mind.

And, while we're talking displays, this season's CDU rollout covers even more products. Our generously sized Long Lunch napkins now arrive in their own POS units – perfect for counter top displays.

Clare Harris, Founder and CEO

Innovation and celebrations have always been in our DNA, and our new Duo Spark Candles bring both together. A candle that meets a sparkler? It's a wish and a wow in one. Innovative and new to market, you won't find them anywhere else. I hope they ignite your birthday sales in spring/summer 26 and beyond.

Clare

# You Say Tomato I Say Tomato

Tomato icons are proving they are no flash in the (frying) pan. Our design takes inspiration from rustic Italian kitchens.
