Julieta Suárez Valente

Since ancient times, the four elements have been used to identify and attract different types of energy. Apart from helping us understand ourselves, for centuries practitioners of magic have used the energetic properties of the elements to attract transformative energies:

Fire is a symbol of creativity and passion. It is associated with the Sun and the planets Mars and Jupiter.

Earth is a symbol of manifestation and realization. It is associated with the planets Venus and Saturn.

Air is a symbol of thought, ideas, and communication. It is associated with the planets Mercury and Uranus.

Water is a symbol of emotional energy, intuition, and depth. It is associated with the Moon and the planets Pluto and Neptune.

## MEMENTO MORI - 36 Cards to Embrace Life

Memento mori - Latin for "remember you will die" - is often paired with memento vivere - "remember to live."

These thirty-six cards are daily affirmations and reminders that we do not have control over our fate, and they are meant as life-affirming messages that we must seize the day and live each moment to its fullest. We could die today, tomorrow, or eighty years from now—it's not up to us. The only thing we can be sure of is that it will happen. When we accept this fact, then we can fully embrace the moment we are in. We shouldn't put things off until tomorrow because we may not have tomorrow. The memento mori is a regular reminder of this fact.

Contemplating memento mori allows us to love those around us more deeply, enjoy our work and daily activities more fully, see beauty in all things, and embrace fearlessness as we encounter the unknown. The memento mori

The oracle gently leads us to consciously cultivate a visionary relationship with the world, a kinship with all things. We must "rewild" ourselves for the preservation of all. Runes of Light is a multidimensional exploration of the runes intended to establish openness and flow. Through the symbols, this is a journey to commune with our deep unconscious, with the understanding that all answers are found in nature and that true knowledge arises by reconnecting to the depths of our inner being.

The runes are an ancient alphabetical system of writing and a sacred system of cosmology for understanding the order of how consciousness evolves. Each rune sign connects with a specific state of energy and reveals a spectrum of motifs to inspire imagination in the seer, bringing forth realizations through living experience.

Through the symbols, we journey into the parts of our deep unconscious to speak to the unseen and for the mysteries to speak to us. Runes of Light is a multidimensional exploration of the runes intended to establish openness and flow, understanding that all answers are found in nature and that true knowledge arises by reconnecting to the depths of our inner being.

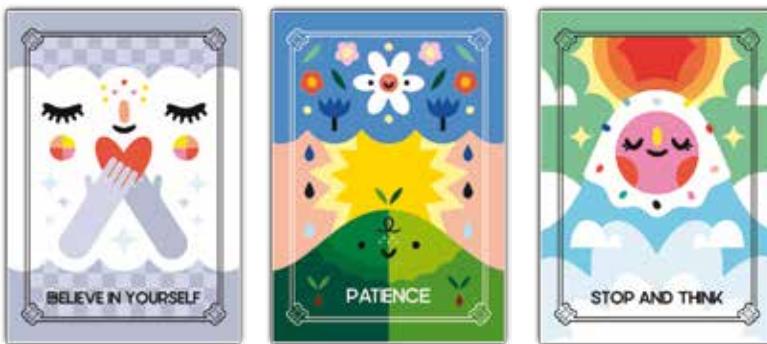

### About the Author

Shirley Shantel worked as a creative producer in media and advertising for over ten years, storytelling for brands, threading brand strategy, and working on creative conceptualization for the design of customer experience, producing world-class events and content. Today, she expresses her creative voice for what she believes in, exploring more of her music and art in increasingly experimental ways, dedicating her energies to focus on service to our beautiful planet Earth and the collective well-being. As a mystic, contemplation in stillness is her medicine, and she channels the inspired flow as an autistic digital artist expressing auditory-visual synesthesia. Her etheric and sometimes otherworldly artistic expressions stem from how she interprets the world as a synesthete - everything begins as a felt vibration and sound takes shapes in colours and flows into form through a multisensory experience

## TAROT EMBLEMATA

Decoding Magical Symbolism  
Natasia Roland, Foreword by Laetitia Barbier

"This deck teaches us to look beyond the surface, to engage with a gaze of awe, admiration, and reverence."

—Laetitia Barbier, author of Tarot and Divination Cards: A Visual Archive

Tarot Emblemata is a magical and mystical tarot deck based on the 1551 book of emblems by Claude Paradin. Renaissance emblems are intimate illustrations with accompanying mottos that allegorically and symbolically express sentiments, concepts, societal concerns, and parables. These Renaissance emblems are a didactic genre of interpretive art and, within them, author and creator Natasia Roland has discovered that their enigmatic imagery and "mottos" correspond dynamically and align perfectly with the seventy cards of the Major and Minor Arcana of the tarot.

### About the Author

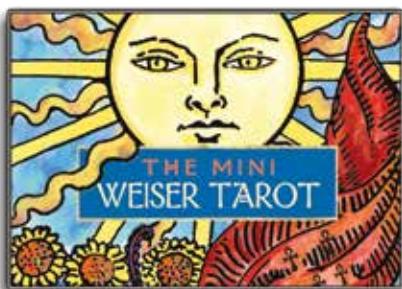

Natasia Roland is a writer, poet, digital artist, and independent researcher and publisher of esoterica. She has an interdisciplinary master's degree in English, poetry, printmaking, and design as well as an MFA in creative writing, and she has an extensive background in handmade textiles, book arts, teaching Photoshop, and editing and publishing small-press journals. She practices magic/theurgy and divination and is an avid tarot card reader and astrology enthusiast.

A Miniature Edition of the Classic 1909 Waite-Smith Deck  
Arthur Edward Waite, Artwork by Pamela Colman Smith

The Mini Weiser Tarot is a new pocket-sized edition of the most popular and influential tarot art ever created, the Rider-Waite-Smith deck, first published in 1909.

The cards have been newly repainted - while, of course, preserving Pamela Colman Smith's original line art - creating a fresh, flowing aesthetic. Additionally, the cards provide Hebrew and astrological correspondences to the Major Arcana - not included in the original Rider-Waite-Smith deck - for those seekers who have interest in Qabalah and astrology.

The Mini Weiser Tarot was created to speak to your own personal tarot needs and desires. Whether you are new to the tarot or a seasoned card reader, you can use this deck for divination, fortune-telling, self-transformation, spellcasting, or any other purpose.

This is a stand-alone mini deck without a guidebook.

### About the Author

Arthur Edward Waite (1857–1942), commonly known as A. E. Waite, was an American-born British poet and scholarly mystic who wrote extensively on occult and esoteric matters and was the cocreator of the Rider-Waite tarot deck.

Pamela Colman Smith (1878–1951), nicknamed Pixie, was a British artist, illustrator, writer, publisher, and occultist. She is best known for illustrating the Rider-Waite tarot deck in collaboration with Arthur Edward Waite. **Ayn Cates Sullivan, Illustrated by Belle Crow duCray**

This tarot is guided by the author's Hermetic philosophy of "Imaginosophy," which pursues how to live and dream in Otherworlds. Drawing upon extensive research on Arthurian legend and Celtic mythology, this deck enables card readers to develop intuitive awareness and multi-layered insight.

Expanding on the traditional tarot, the Major Arcana of this deck is divided into four groups (allies, challenges, virtues, and cosmic forces), with each card offering keywords, both upright and reversed, for quick reference. The Minor Arcana follows the elements earth, air, water, and fire. Among the court cards readers will recognize names like Lancelot, Guinevere, King Arthur, Galahad, and other characters of Grail lore. The guidebook presents four sample spreads and, for each card, offers divinatory meanings, challenges and three Grail questions. Depending on the element, we also find tree lore and animal totems, gemstones, and flower essences. The author designed this deck to be combinable with other decks to multiply the querent's possibilities for integrating diverse paths to wisdom.

Taylor Swift has crafted a rich mythology throughout her musical eras, with countless symbols and easter eggs acting as invisible strings connecting her lyrics, looks, music videos, performances and communications with her fans. Harness the insight of a tarot reading with the emotional resonance of a Taylor Swift song: discover the soothing Temperance card suggesting "You Need To Calm Down," The Lovers card guiding your understanding of your own "Love Story," or The Magician card reminding you that it really is within your power to change "The Prophecy."
