WHOLESALE SS26

Welcome!

At Grace Jackson Design, we create timeless stationery with a focus on pattern, detail, and sustainability. Designed in our Cambridgeshire studio, every greeting card, notebook, pencil case, and list pad reflects our love of colour, considered design, and traditional craft. All cards are printed in the UK and finished on a traditional hot foil press, bringing each design to life with beautifully tactile detail.

Sustainability sits at the heart of everything we do. Our greeting cards are printed on FSC-certified board and are fully recyclable and compostable, supported by our participation in the Zero Foil to Landfill scheme. Through this initiative, foil waste from our studio is converted into Solid Recovered Fuel (SRF), helping to reduce reliance on fossil fuels.

Every product in the collection is proudly UK-made, supporting local manufacturing while maintaining exceptional quality.

2025 marked another standout year for Grace Jackson Design. We launched over 100 new designs, exhibited at three major trade shows, expanded internationally through new distribution and licensing opportunities, and welcomed a North West agent to support retailers in the region. Industry recognition followed, with Attirely Good shortlisted and selected as a finalist in the Henries Awards, alongside winning the SME UK Enterprise Award for Best Greeting Card Company in East Anglia.

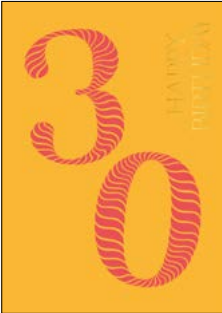

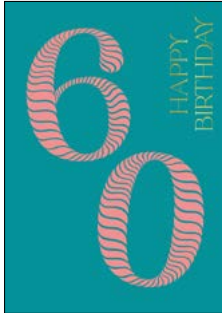

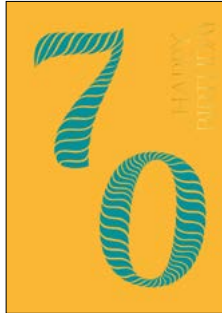

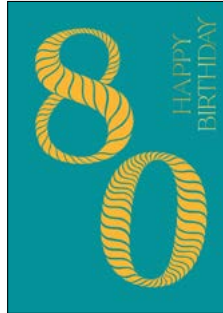

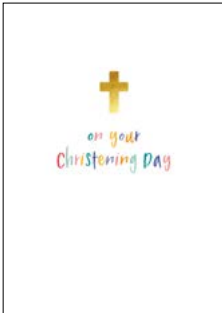

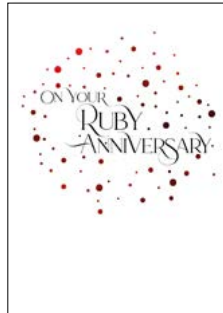

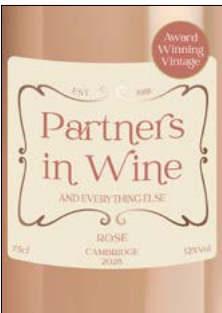

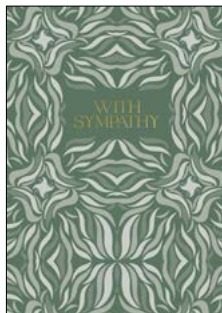

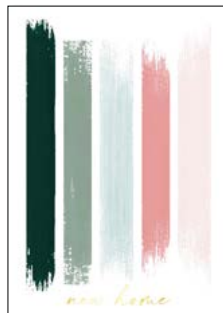

Looking ahead, 2026 is set to be our most exciting year yet, with the launch of a licensed greeting card range in collaboration with Emily Smith and a full trade show calendar including Spring Fair, PG Live, and Home & Gift. We can't wait to share what's next.

Thank you for being part of the Grace Jackson Design story so far.

We're delighted to introduce our first-ever licensed greeting card range, created in collaboration with British artist Emily Smith.

This joyful collection brings together Emily's much-loved animal characters and our signature hot foil detailing, resulting in a bright, expressive range designed to make people smile.

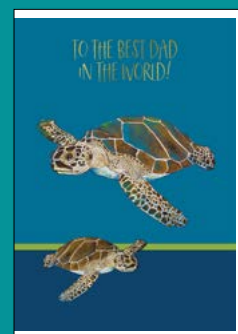

The collaboration came about in the most natural way — after Grace and Emily spent two consecutive years exhibiting side by side at Harrogate Home & Gift. A shared love of colour, pattern and playful design quickly sparked conversations about working together, and when the opportunity to license Emily's artwork arose, it felt like the perfect fit.

The finished collection is bold, colourful and full of personality. Emily's characterful illustrations take centre stage, while Grace has carefully designed the layouts, wording and foiled details to bring everything together into a cohesive, giftable range.

The collection features 20 A6 designs, all printed in the UK on FSC-certified board and finished with gold hot foil. Designs span everyday sending, birthdays, Mother's Day, Father's Day, anniversaries and Valentine's Day, making the range easy to merchandise year-round. Each card is supplied plastic-free, comes with a white envelope, and is blank inside for a personal message.

IMPERIAL FLOWERS

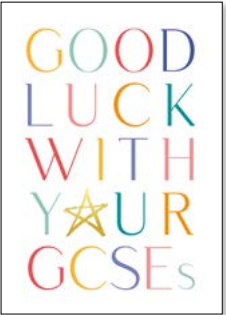

Imperial Flowers is a richly coloured floral collection inspired by memory and craft. Peony motifs, drawn in fine navy lines and finished with soft gold foil, sit against rich, colourful backgrounds, creating designs that feel decorative, thoughtful and quietly timeless. The motifs were inspired by hand-cut tissue paper artwork found in the sewing kit of a grandmother who lived in the Far East, lending the range a quiet sense of history and personal connection.
