## About Us

Flyleaf Clothing began its journey as a manufacturer of knitted garments in 2006 and expanded into exporting by 2008. Over the years, we have grown significantly, achieving annual turnover of 5 to 6 million dollars. Today, we proudly serve as a supplier to high-end global fashion brands and boutiques around the world, consistently demonstrating our commitment to meeting the high expectations of our customers.

## Infrastructure

Flyleaf Clothing has a spacious 1-acre facility with 33,000 square feet of building space, 50 kw of solar power, and ideal garment manufacturing capabilities . The facility contains state-of-the-art equipment for cutting, sewing, finishing, packing and embroidery with NEXT COP approved factory.

## Our Commitment To Quality

Flyleaf Clothing prioritizes quality in every aspect of our operations, employing expert professionals who meticulously assess quality from the sourcing of raw materials to the final stages of production.

Our in-house laboratory is equipped to test various parameters based on customer specifications, ensuring that all products undergo rigorous evaluation. Additionally every item is passed through a needle detector machine to guarantee cleanliness, and products are stored in a metal-free zone prior to transportation.
