# About Us

Parks Candles is a British, family-run home fragrance brand. Originally a gift shop, Parks began life as a side-street boutique in 1989. From those modest origins, Parks has grown into a globally loved brand recognised for our focus on quality.

Our success is rooted in our dedication to crafting and delivering top-quality, eco-friendly home fragrances, which have earned us over 1,100+ Excellent Trustpilot Reviews and a loyal global customer base.

In January 2024, we welcomed new ownership and partnered with Home Fragrance Fillers UK Ltd, a prominent UK producer and manufacturer. This marked the beginning of an exciting new chapter for us. With our new Directors at the helm, Parks is undergoing a transformation to revitalise our beloved heritage brand. We're reshaping our product lineup to cater to a diverse range of stockists, including garden centres, independent shops, and high-end retailers.

Sustainable Sourced Products

Coreless Cleanburn Technology

100% Natural Wax

Made in the Heart of England

# Best-in-class product engineering

---

## 100% NATURAL WAX proprietary blend

Decades of refinement to achieve a natural wax blend that out performs paraffin without using fragrance-free cores.

## CORELESS CLEAN BURN technology®

Ultimately, it's all about the fragrance and how to get a clean, even burn with a consistent, pure fragrance dispersion your customers will love (and keep coming back for).

All our candles use Coreless Cleanburn technology®, a trusted technology developed by Parks.

## ALCOHOL FREE diffusers and room sprays

Longer lasting than their alcohol-based equivalents and no export restrictions.

## MADE IN ENGLAND quality control/ISO9001 -201 5, ISO14001 - 2015, Sedex

With ingredients from all over the world, manufacturing in the heart of England guarantees tightly controlled local QC throughout, from components to dedicated clean-room production.

If you'd like to visit, our factory door is always open.

# Heritage Collection

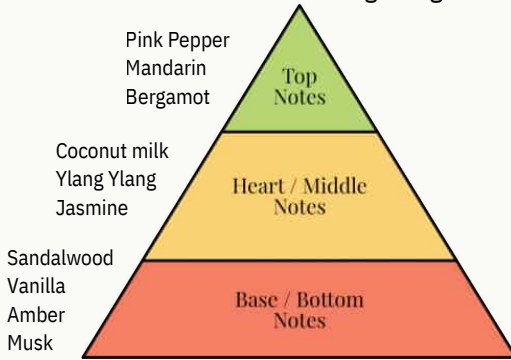

---

The Heritage Collection is a tribute to Parks' British roots and enduring craftsmanship, created for customers who value quality, provenance and beautifully balanced fragrance. Each candle is hand-finished in the UK using our signature 100% natural wax blend for a clean, even burn and a consistent fragrance throw with our Coreless Cleanburn technology®. With refined scent profiles and timeless design, the collection brings an understated sense of luxury to everyday living—perfect for elevating homes, gifting occasions and curated retail displays.

# Country Garden Collection

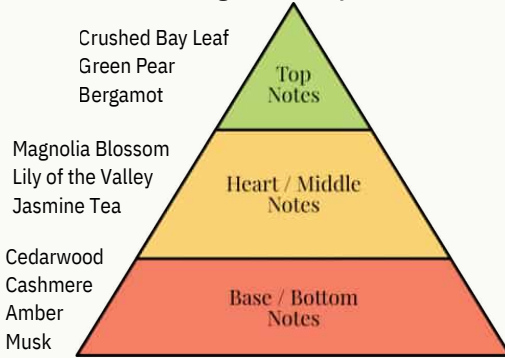

---

The Country Garden Collection is inspired by the simple pleasure of an English garden at its best—freshly cut stems, sun-warmed petals and verdant greenery after rain. With bright florals, soft botanicals and crisp green notes, each fragrance is designed to feel light, uplifting and beautifully wearable in the home. It's an easy-to-merchandise range that brings seasonal freshness to shelves year-round, ideal for customers drawn to clean, natural-feeling scents and effortless, country-house elegance. All of our candles include Coreless Cleanburn technology® as standard ensuring consistent, reliable quality burn and performance.

# WINTER'S TALE

Winter's Tale is Parks' seasonal collection inspired by the quiet magic of the British winter — crisp air, candlelit evenings, and the small rituals that make the darker months feel warm and beautiful. It's a curated set of fragrances designed to move through winter's moments: from bright, bracing mornings to deep, atmospheric nights.

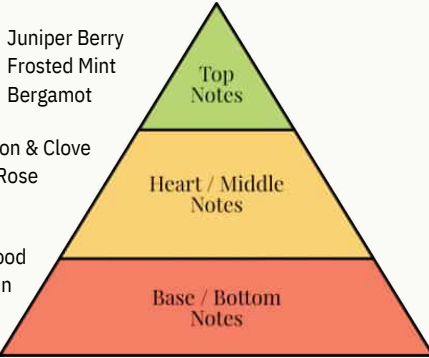

## The mood

Think frosted mornings, evergreen walks, spiced citrus, and glowing interiors. Each scent is built to feel comforting and elevated — never overly sweet, never shouty — with the calm confidence of Parks' heritage and craftsmanship.
