

CREATE A WORLD THAT WORKS BETTER

ATD is the world's largest association dedicated to talent development professionals and host to the industry's premier conference in San Diego this year. To accommodate our global community, the conference will be hybrid. Those who are unable to attend in person can still enjoy the benefits of this world-class event virtually! ATD regularly welcomes attendees from more than 90 countries and provides exciting opportunities for attendees to interact and network with one another.

To enable a rich experience, ATD encourages international attendees to organize a delegation. Attending sessions, networking, and socializing with familiar faces can enhance the conference experience.

Plus, delegations also enjoy these additional benefits:

- Discounted rates for registration
- Special rates on joint international membership and registration
- Special recognition during the event
- Complimentary registration for delegation leaders when you meet requirements
- Rebate structure may apply for large delegations
- Networking opportunities with global delegation leaders
- Added value services for your delegates and customers

A minimum of five (5) attendees are required to form a delegation. ATD supports delegation leaders throughout the promotion and registration process.

For more information and to contact the ATD Global team, visit atdconference.td.org/delegation.
