

Start Your Learning Designer Journey

If you're a new learning designer, begin your journey with these sessions that will provide a strong foundation in principles any instructional designer or trainer should know.

Develop Tech Strategy

If you're a manager or decision maker, these sessions will help you plan and implement technology-based learning initiatives.

Level Up Your Instructional Design

If you're an L&D professional looking for inspiration, expand your knowledge and discover new ideas to challenge and motivate your team with these sessions.

Leverage Learning Technology & Tools

If you're an L&D developer or designer, these sessions will help you make a deeper impact by using the latest technology tools.

Attend TK Virtually

Get the most out of the virtual TK experience with this curated list of sessions that presents a taste of everything TK has to offer.

Navigate the AI Revolution

If you're an L&D professional at any level, discover the possibilities of AI and how to augment your role with responsible AI through these curated sessions.

TK Curated Learning Paths

These learning paths are designed to help you determine which sessions you should attend in one of the identified focus areas. All our programming is top-notch, but not all sessions are designated in a learning path, so select sessions that interest you to create a personalized learning experience.

PLEASE NOTE:

If a session has been canceled or moved and there's no suggested session in that time block, we encourage you to view any related learning path content in our on-demand library or detour to another exciting learning path.
