
**Animal Spay/Neuter
International**

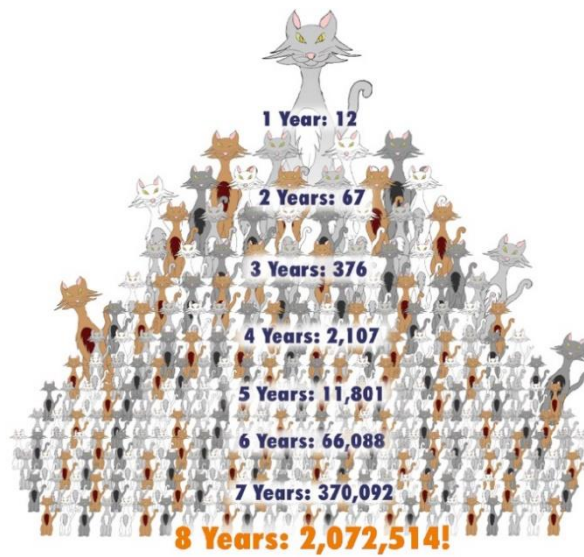

**ANIMAL SPAY AND NEUTER
INTERNATIONAL WILL PARTICIPATE IN
THE BSAVA CONFERENCE 2024**

STAND: A204

Animal Spay and Neuter International will be exhibiting in Manchester at the British Small Animal Veterinary Association from 21st March to 23rd March 2024. ASNI is a UK registered charity: (1172316) that holds mass sterilization campaigns of cats and dogs in impoverished countries. Do come and see us at stand A204 and find out about our exciting work! Our head vet Dr Aurelian Stefan will be there to answer your questions about our [SPAY ACADEMY](#) where Veterinarians can be trained in keyhole surgical techniques at our hospital in Romania.

THE PROBLEM

ANIMAL SPAY AND NEUTER INTERNATIONAL have a special emphasis on Romania at this time due to the overwhelming need there. Over one dog's lifetime potentially one female can give birth to 67,000 offspring without surgical intervention. The female has puppies, their offspring has puppies and so on. We aim to cut this cycle of suffering on the streets of Romania at its source by spaying and neutering as many animals as possible. The situation with cats is even worse culminating in the potential birth of over 2 million in a cat's lifetime.

THE SOLUTION

ASNI holds spay campaigns throughout the year in Romania at our hospital The Centre of Hope Animal Hospital where we have our base just outside Bucharest in Piteasca, Ilfov County. Our vets are highly skilled and trained in keyhole surgery and can sterilize 50+ dogs and cats in one day. As well as at the Centre, we carry out outreach work in surrounding villages spaying and neutering people's pets and stray animals.

SPAY ACADEMY

Also based at the hospital is the Veterinary Training Camp (Spay Academy) which provides veterinary training to veterinarians in keyhole surgical procedures. Fully equipped with the latest technological advances including a CT scanner, Ultrasound, Digital Imaging and Microscopic Laboratory.

“FORTUNATELY, I HAD THE OPPORTUNITY TO SPEND TWO WEEKS AT THE VETERINARY TRAINING CAMP AND I HIGHLY RECOMMEND THE SPAY/NEUTER COURSE.” (Claudia Pereira 2024)

NEUTER AND SPAY, NO MORE STRAYS

Dr Aurelian Stefan together with our team from ASNI will be at the booth please do come and speak to us!
