The Last Mile Delivery Route (City Course)

For CCIA 2025, The Last Mile Delivery Route (City Course) will be available to manufacturers with suitable vehicles for this facility. The use of this course will offer fleet decision-makers the experience of driving the latest light commercial vehicles around a purpose-built facility that will simulate stop-start driving. The High-Speed Circuit and the Hill Route will also be available to manufacturers as per the previous years.

If you are interested in using these facilities, please indicate below:

(Please see exhibitor manual for more details)

☐

I shall not be playing recorded music/video on my stand

Please note: The cost of any licences are the exhibitor's own responsibility.

Vehicle Passes

Please note that security is extremely tight at UTAC Millbrook. To ensure there are no delays please follow the following procedures on arrival.

If you are an Exhibitor, please ensure that you have your EXHIBITOR BADGE available on arrival during Build up days and Live days (this will be emailed to you electronically prior to the show).

Please ensure that all contractors on arrival have the Exhibitors stand number and the name of the Manufacturer that they are here for.

We will not be sending out any vehicle passes for CCIA 2025. On arrival a windscreen sticker will issued as follows which will give you access to site during Build up days and also access to the car park on Live days.

Exhibitors – Blue windscreen sticker

It is imperative that you have the correct information as stated above on arrival at UTAC Millbrook to enable your entry on site.

Exhibitor Personnel Passes

We will require the name, job title, company name and email address of all personnel who will be manning your stand and attending the event. This will enable us to produce your exhibitor badges in advance which will be emailed directly to each individual.

Once again this year at the event we will have a dedicated exhibitor entrance and desk within our registration area to speed up entry to the show.

Whilst we will have a facility available on site to print off exhibitor badges, we would ask you to please encourage all your members of staff to print off their e-badge in advance – this will give them a fast track entry to the show. The e-badge will be attached to their email confirmation which they will receive once you have inputted all the details on to the portal.

Please use the link below – you will receive your personal login details to gain access in a separate email direct from Cirodata:

<https://exhibit.cirodata.com/ccia25/login>

Please note by accessing the portal you will be able to register your staff badges, order lead capture devices, access marketing assets to allow for co-branded registration forms and the ability to send invites to your customers, set up your vehicle bookings for CCIA and set up and manage the time slots for test drives.

If you have any queries regarding your Cirodata login or exhibitor portal, please contact **exhibitors@cirodata.com / 0208 149 9222**.

Insurance & Risk Assessments

All exhibitors must have relevant insurance and public liability insurance. Being adequately insured is the exhibitor's own responsibility.

It is imperative that you supply copies of your public liability insurance, risk assessments and any technical data sheets for any hybrid or electric vehicles in advance of the event. All Risk Assessments and Method Statements must be signed off by UTAC Millbrook before build can commence

Please send all documentation to **ccia@millbrook.co.uk**

If you have any queries, please email **ccia@millbrook.co.uk**.
