FACE GLO

1072

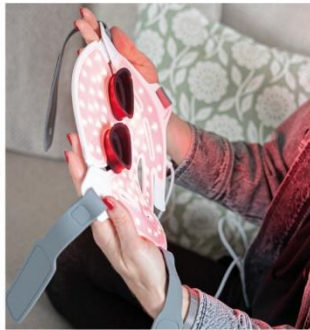

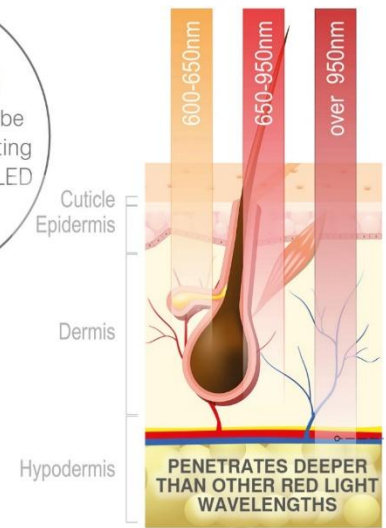

BEAUTY BOOSTING LED FACE MASK

FaceGLO 1072 – incorporates the newly discovered powers of **1072nm** to boost skin rejuvenation. Combining three wavelengths of red and near infrared light with the latest generation LED technology feeds energising cellular function, creating a cascade of biochemical reactions that help revitalise dull, ageing skin, boost collagen, improve skin firmness and reduce skin pigmentation. FaceGLO 1072 provides a quick and easy full facial skin rejuvenation treatment that you do at any time while relaxing, reading or even working.

- Triple wavelengths: **630nm, 830nm & 1072nm**
- Clinically proven technology for skin rejuvenation
- Treats the whole face in 10 minutes
- **1072nm** targets fine lines & wrinkles around the eyes
- Simple controls
- Hypoallergenic
- Comfy fit medical grade silicon
- Fully portable
- Rechargeable
- Flat for travel
- Soft touch rubber eye shields

1072nm

Clinically proven to be the deepest penetrating wavelength used in LED devices to date.

THE POWER OF THREE

- **1072nm** is clinically proven to be the deepest penetrating wavelength of red light. Reaching deep into the dermis 1072nm has a powerful effect on the skin cells, creating a natural rejuvenation response. 1072nm has been proven to improve the overall skin complexion, reducing under eye bags and puffiness, and smoothing texture and tone.
- **830nm** works to an intermediate depth in the dermis to reduce the visible signs of skin ageing and improve skin tone.
- **630nm** works in the upper dermis region to leave the skin feeling plump, with a reduced appearance of fine lines and wrinkles.

60 SECOND SPA PEDI™

all you need for beautiful, baby-soft feet

Buff away dry skin and calluses in seconds, to reveal smooth, velvet-soft feet with the 60 Second Spa Pedi. The powerful yet compact electric foot file is ergonomically designed to be easily held in the palm of your hand, allowing you to quickly and effectively buff away dry, hard, cracked and calloused skin – for feet you'll want to show off. It includes a choice of three interchangeable heads (gentle, medium and coarse) for hard dry skin removal, as well as two different speed settings. Its unique domed head is also perfect for easily following the contours of the foot. An ingenious dust-absorption function has been specially built-in to Hoover up the dry skin as it goes along. It is simple to charge the travel-friendly device via USB.

- Removes calluses and hard skin from feet in seconds
- Softens and smooths for salon-standard results
- USB rechargeable
- 60 minutes of use when fully charged
