# THE BRAND, OUR STORY

Miamo is the functional cosmetics brand created in 2012 by the mother and daughter team of pharmacists: **Elena Aceto di Capriglia** and **Camilla D'Antonio**. Their collaboration has enabled them to combine **tradition and innovation** through an enriching dialogue between two generations. A passion for cosmetics is the link between history and experience in Italy's chemical laboratories and cutting-edge American scientific research.

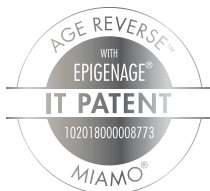

In order to meet the skin's specific needs through every stage of life, **Miamo functional cosmetics** use active ingredients carefully selected from the best raw materials, capable of performing targeted and proven actions. They are free from common allergenic substances and each batch is tested for nickel content, avoiding the risk of potential allergies or skin sensitivity. Miamo's ingredients and products are safe and patented, and have undergone clinical, instrumental, and dermatological testing.

# MIAMO INNOVATION LEADER

Passion and a commitment to cutting-edge research is at the heart of Miamo and its scientific team led by Dr. Camilla D'Antonio, holder of three registered patents and one patent pending product.

## EPIGENAGE®

In 2021 Miamo was the first Italian cosmetics brand to acquire a patent for an epigenetics-inspired pool of active ingredients.

A pool of active ingredients that:

- strengthens the cells' natural repair processes
- restores the skin's natural antioxidant defense system
- stimulates the synthesis of proteins such as Collagen and Elastin

## ELPA25®

A pool of new-generation exfoliating active ingredients providing effective yet gentle action in the exfoliation process, suitable for every skin type, including sensitive skins.

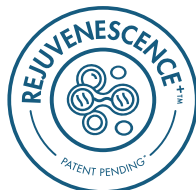

Recognition of scientific innovation from the *Journal of Cosmetic Dermatology*

## ACNEVER COMPLEX®

Salicylic Acid with sebum-normalizing and exfoliating action, Niacinamide (Vitamin B3) to protect the skin from damage caused by external stressors and give the skin a more even-toned appearance, Silver for a purifying and balancing effect, and Azelogylicine with moisturizing, smoothing and soothing properties. Enriched with Bakuchiol, a plant-derived phenol with retinol-like action that is ideal for sensitive skin, it helps improve acneic skin and reduce the signs of aging.

## REJUVENESCENCE+™

Pool of selected active ingredients designed to support the natural physiological processes of skin cells, helping to protect them against external stressors, which are among the main causes of cellular aging, and promote cell longevity.

*\*The patent application concerns a formulation composition based on Azuki Extract, Peptides, and Sunflower Sprout Extract.*

## HYALURONIC+™

Pool of selected functional actives designed to support endogenous hyaluronic acid and provide volume, plumpness, and hydration to the different layers of the skin. It maintains hyaluronic acid levels, stimulates its production, and inhibits its degradation.

*\*The filed patent application relates to a formulation based on an extract of 7 types of Hyaluronic Acid with different molecular weights combined with its precursor.*

# OUR MISSION

---

## Miamo Healthy Skin System, the wellness protocol

---

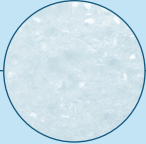

With its commitment to ensuring the well-being of every skin type, Miamo's mission in a nutshell is a **"Healthy Skin System"**.

Our scientific team has designed **"Miamo System"**, a set of protocols that allows you to customize your own skin wellness routine. Each protocol is designed by carefully selecting the combination of products best suited to your specific needs, delivering a superior treatment with outstanding results.

The products are applied in a sequence that optimizes the skin's physiology and equilibrium, constantly maintaining a healthy skin. The skincare routine, according to the Miamo System, consists of **6 steps**.

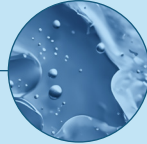

# THE MIAMO BEAUTY ROUTINE

## 6 STEPS

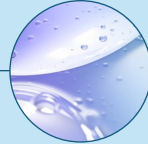

### CLEANSING

Removes impurities and makeup residues.

### EXFOLIATION

Speeds up cell regeneration improving skin quality. Reduces skin thickening and enhances permeation of subsequently applied products.

### STIMULATION

Restores the skin's natural balance, which is easily compromised by aging and the effects of climate change, pollution, and harmful substances.

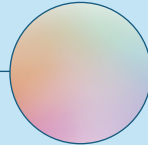

### TREATMENT

The most active step in correcting skin imperfections. Provides the substances needed by the skin to regain and maintain its well-being.

### HYDRATION

Ensures that skin tissues have the right water content, for a healthy-looking, firm and radiant skin.

### PROTECTION

Protects the skin from the harmful effects of sunlight exposure, one of the main causes of skin aging.

The background of the entire image is a dense field of light blue, translucent soap bubbles. The bubbles vary in size and are captured at different stages of expansion, creating a textured, foamy appearance. The lighting is soft, giving the bubbles a gentle glow.

STEP 01

# CLEANSING

250 ml | 50 ml

## AHA / BHA PURIFYING CLEANSER

Sebum-normalizing – purifying cleansing gel

Gel cleanser formulated to remove excess sebum, impurities, and dead surface cells without drying out or irritating the skin. It helps deep-cleanse the skin and prevent pore clogging and spots.

**Skin types:** oily and acne-prone skin

**Active ingredients:** Lactobionic Acid 1%, Mandelic Acid 1%, Salicylic Acid 0.5%, Citric Acid 0.2%, Niacinamide 2%

150 ml

## CRYSTAL OIL PEPTIDE CLEANSER

Moisturizing – soothing makeup remover

Oil-based deep-cleansing gel, ideal for removing all traces of makeup (including waterproof makeup) and impurities. Its three-stage changing texture formula leaves the skin hydrated and glowing, preserving the skin's protective barrier. It contains squalane and peptide, for a deeply nourishing effect on the skin and an anti-aging action.

**Skin types:** all skin types, non comedogenic

**Active ingredients:** Limnanthes Alba Seed Oil, Squalane, Peptides

100%  
of volunteers say:  
**EFFECTIVE FOR  
REMOVING  
WATERPROOF  
MAKEUP\***

\*Self-assessment test: 20 volunteers (aged 18-70). 100% with sensitive eyes, 50% contact lens wearers. The product was applied at least once a day for 2 weeks.

250 ml | 50 ml

## GENTLE ROSE CLEANSER

Gentle restorative – cleansing gel

Effective, high-tolerance cleansing formula designed for daily cleansing, suitable for even the most sensitive skin. Enriched with soothing, moisturizing, and rejuvenating ingredients, it gently removes impurities and any makeup residues, leaving a firm and instantly glowing skin.

**Skin types:** sensitive skin

**Active ingredients:** Allantoin, Rosa Centifolia Oil, Eriobotrya Japonica Extract, Chondrus Crispus Extract

150 ml | 50 ml

## HYDRA SOFT CREAMY CLEANSER

Nourishing – soothing cleanser

Cream cleanser that gently dissolves makeup, impurities, and pollutants while protecting the skin's natural hydrolipidic film. Formulated with effective active ingredients and gentle surfactants.

**Skin types:** sensitive and dry skin

**Active ingredients:** Ceramides AP, EOP and NP, Natural Oils, Advanced Phyto-Complex

\*Self-assessment test conducted by an independent laboratory on: 20 volunteers, aged 18-60, with sensitive skin prone to dryness/normal skin. The product was applied once.

250 ml

## MICELLAR CLEANSING WATER

Soothing micellar water for removing face and eye makeup

Micellar solution formulated to gently remove makeup and impurities. Its soothing properties make it ideal for even the most sensitive and delicate skin.

**Skin types:** sensitive skin

**Active ingredients:** Allantoin, Betaine, Witch Hazel Water, Chamomile Water

150 ml | 50 ml

## RADIANCE FOAM CLEANSER

Gentle daily cleanser

Foaming cleanser, a clear liquid that becomes a soft, lightweight mousse. With highly effective active ingredients and gentle surfactants, it removes impurities without altering the skin's pH and balance of the hydrolipidic film.

**Skin types:** sensitive skin

**Active ingredients:** Panthenol, Avena Sativa bran extract, Hyaluronic Acid, Ginger Extract

\*Self-assessment test: 20 volunteers (aged 18-60) with sensitive/normal/dryness-prone skin. The product was applied once.

STEP 02

# EXFOLIATION

8 tubes x 5ml

## RENEWAL PEEL SERUM

### Facial exfoliator

Peeling serum with next-generation acids, suitable for treating all skin types, particularly dry and sensitive skin. Exfoliator with anti-aging action stimulates cell regeneration without drying out the skin. It does not cause photosensitivity and can also be used during sun exposure.

**Skin types:** all skin types

**Active ingredients:** 25% Complex of Mandelic Acid, Lactobionic Acid, Phytic Acid, and Gluconolactone

\*Self-assessment test: 20 volunteers (aged 18-60) with sensitive/normal/dry skin. The product was applied 3 times a week, every other day, for 1 week.

## GLYCOLIC ACID EXFOLIATOR 3.8%

### Face and body exfoliator

Exfoliator containing 3.8% Glycolic Acid. Helps remove dead cells and impurities on the surface of the epidermis and stimulates cell turnover for a rejuvenated and flawless look. Used regularly it helps maintain a healthy skin, improving firmness and elasticity.

**Skin types:** normal and oily skin

**Active ingredients:** 3.8% Glycolic Acid

120 ml | 20 ml

## SALICYLIC ACID EXFOLIATOR 2%

### Face and body exfoliator

Exfoliator containing 2% Salicylic Acid. A must-have for treating oily and acne-prone skin. It removes impurities and excess sebum while tightening pores, improving their size and appearance. It also contributes to skin renewal.

**Skin types:** oily and acne-prone skin

**Active ingredients:** 2% Salicylic Acid

50 ML  
REFILLABLE PACKAGING

## ENZYME PEEL O<sub>2</sub> MASQUE

Oxygenating – exfoliating mask

Face mask formulated with papain, an exfoliating enzyme that gently renews the skin, and a complex that enhances the skin with oxygen, combined with moisturizing amino acids. It can be used during sun exposure.

**Skin types:** all skin types

**Active ingredients:** Papain, Amino Acids, Oxygenating Complex

\*Self-assessment test conducted on 20 volunteers (aged 18-60), with sensitive-to-normal/dry skin, immediately after the first application.

# EXFOLIATING SERUM

## RENEWAL PEEL SERUM

**N.1**

EXFOLIATOR

\*Source: New Line – Facial Exfoliator pharmacy distribution channel, Year 2023, value-based ranking.

The background of the entire page is a close-up, macro photograph of a metallic surface, likely stainless steel, covered with numerous water droplets of varying sizes. The lighting is soft and diffused, creating a cool, blue-toned atmosphere. The droplets are in sharp focus in the foreground, while the background is slightly blurred, emphasizing the texture and moisture of the surface.

STEP 03

# STIMULATION

5 ml – 3x5 ml

## SUPERDOSE VIT C + [C,L] RADIANCE ACTIVATOR FREEZE DRY SERUM

Antioxidant – Anti-glycation – Anti-pollution

An antioxidant serum with Vitamin C and other active ingredients that works on imperfections and redness with a soothing effect, for a visibly more compact, smooth, and radiant skin. Formulated with freeze dry technology in multi-dose ampoule format with a double-chamber system to activate the product at the time of use for maximum product preservation.

**Skin types:** all skin types

**Active ingredients:** Vitamin C, Carnosine Peptide, Lycopersicum Leaf Extract, Centella Triterpene Complex

Clinical instrumental test conducted by an independent laboratory on 20 volunteers, aged 35-59, with pigmentation alterations and normal exposure to pollutants (environmental pollution, tobacco smoke). The product was applied to the face once a day for 30 days.<sup>1</sup> Before and after images showing the mean value obtained with the Vectra H2. <sup>2</sup>Self-assessment test conducted by an independent laboratory on 20 volunteers, aged 20-63, with skin redness. The product was applied to the face once a day for 10 and 30 days.

## TRI-RETINOID SURGE RESURFACING SERUM

Anti-deep wrinkles – Multi-correcting night serum

A serum with 3 types of retinoids at the highest possible percentage, contributing to the visible reduction of deep wrinkles, fine lines, skin irregularities, and enlarged pores, for a skin appearance that is more even and smooth. Its formula, enriched with calming, soothing, and hydrating active ingredients, helps reduce irritations and skin sensitivities, making the serum suitable for all skin types, even sensitive.

**Skin types:** all skin types

**Active ingredients:** Retinol, Retinal, Hydroxypinacolone Retinoate

30 ml | 10 ml

## GF5- GLUTATHIONE AOX BOOST SERUM

Anti-wrinkle – antioxidant serum

This serum is formulated to help combat the main signs of skin aging. Its advanced formula promotes the natural cell renewal process, enhancing skin density and elasticity, for a younger-looking, more radiant skin.

**Skin types:** all skin types

**Active ingredients:** Growth Factors, 3% Phen-Liposomal Glutathione

\*Self-assessment test conducted by an independent laboratory on: 20 volunteers, aged 30-60. The product was applied twice daily for 56 days. Before-and-after photos at 56 days were obtained using 3D image analysis.

## HYALURONIC<sup>14+</sup> FUSION SERUM

Anti-wrinkle – Plumping – Hydrating Serum

A plumping serum with 7 types of Hyaluronic Acid 14+ Molecular Weights that reduce the depth of fine lines. It provides volume and intense hydration to the face and lips.

**Skin types:** all skin types

**Active ingredients:** Hyaluronic Acid Blend (7 types, 14+ molecular weights), NAG (N-Acetyl Glucosamine), Glucosyl Naringin

<sup>1</sup>Instrumental test conducted by an independent laboratory on: 30 volunteers, 15 men and 15 women aged 33-50. The product was applied to the face twice daily, morning and evening, for 6 weeks. <sup>2</sup>Instrumental test conducted by an independent laboratory on: 20 women aged 25-50. The product was applied to the lips, only on the area of interest, in a homogeneous layer, with measurement taken 15 minutes after application. Volumizing effect value measured using Antera 3D®.

# SKINCARE PROTOCOL

The Miamo protocol's philosophy is based on a sequence of 6 essential steps: cleansing, exfoliation, stimulation, treatment, hydration, and protection. This approach is not limited to using six products; we customize each step with **specific protocols to meet the different needs of the skin.**

This system's effectiveness is enhanced when combined with our serum layering method, involving the layering of specific serums for an **intensive and targeted treatment.**

# MULTILAYER SKINCARE

Multilayer skincare uses the lightness and mutual compatibility of our serums to treat different skin issues simultaneously. With Miamo, you can layer multiple serums, each being formulated to act on specific aspects of skin, resulting in a **comprehensive and customized treatment**. This serum-layering technique enables you to **maximize the benefits of the active ingredients** without overwhelming the skin.

To enhance the results of your beauty routine, apply the serums in the correct sequence:

⊗ **DON'T** use **Vitamin Blend 15% Recovery Serum** and exfoliators in the same beauty routine.

① **Age Reverse Glow Primer Serum** can be used under or over makeup.

# AGING

Skin aging is a natural process that begins from the age of 25-30. With age, the skin gradually loses its ability to retain water and to synthesize the elements responsible for its elasticity and density. As a result, wrinkles appear on the surface of the skin.

Age Reverse Cream

MASQUE

Anti-Glycoxidant Masque  
Once or twice a week

## FIRST WRINKLES PROTOCOL - ILLUMINATING AND HYDRATING

\*This step should be carried out once a week. On the day you exfoliate your skin, suspend the application of Vitamin Blend Serum and apply GF5-Glutathione Serum.

## DEEP WRINKLES PROTOCOL - PLUMPING AND NOURISHING

# BLEMISHED SKIN

Acne is an inflammatory process affecting the pilosebaceous glands, which are responsible for producing sebum. It manifests itself mainly with the appearance of spots, which in the most serious cases can lead to dark spots or scarring. The lesions are located particularly on the face, shoulders, chest, and back. The protocols developed by Dr. Camilla D'Antonio provide an effective way to counteract them.

## YOUNG SKIN WITH BLEMISHES PROTOCOL

CLEANSING

AHA/BHA Cleanser

STIMULATION

Vitamin Blend Serum

HYDRATION

Oil Free Gel  
Acnever Cream

PROTECTION

HYDRATION

Acnever Cream

MASQUE

Cleansing-Purifying Masque  
Once or twice a week

## ADULT SKIN WITH BLEMISHES PROTOCOL

## POST-ACNE DARK SPOTS AND SCARS PROTOCOL

# SPECIFIC NEEDS

Dark spots can appear on the skin due to overproduction of melanin. The areas most affected are the face, neck, and hands. Sensitive skin is a very common condition, whose characteristic symptoms are redness, itching, and burning.

## DARK SPOTS PROTOCOL
