

The Number One Supplier

About us

Our market has no borders. With a reputation for quality and innovation, we have designed and built Family Entertainment Centres (FECs) across the globe.

We take great pride in our products and our professional approach. At every stage of the process we aim to exceed our customer's expectations.

As a forward-thinking company, we strive to meet tomorrow's needs, today, with our innovative and environmentally-friendly designs and concepts. Our production facilities are constantly adopting new methods and utilizing new materials to give you the very best in quality. As a minimum requirement all our equipment meets existing safety regulations. Upon completion of a project, all our structures are inspected and certified.

At SPI Global Play, we are constantly looking for ways to keep our customers ahead of the curve.

About us

Our innovative concept and play solutions provide a wonderful, colourful, safe and secure environment for children to enjoy. It is our mission to provide the very best experience possible for children and parents, not to mention the owners and operators of our FEC's.

Design

Our designs are created all around Europe from our various design offices in Italy, Sweden, Germany, UK, Belgium and Slovakia. Depending on the project requirements, we select the most suitable designers to achieve your goals.

Concept Design

Each of our bespoke designs is created to maximise your budget and the space you have available. From the smallest baby area to the largest FEC's ever built, we have over 45 years experience of helping our customers to realise their dreams.

Concept Design & Planning

Graphics & Illustration

Our in-house team of graphic artists and designers are also available to make the most of digital media: from signage, wallpaper and stickers to leaflets, logos and hand-drawn visual concepts.

Design & Production of Mascots

We specialize in design and production of world class mascot costumes to create unique characters exceeding your expectations. Our created mascots are attractive, practical, durable, functional and created with high quality materials.

R&D - Products

World leader in Concept & Product development. By listening to our customer requirements and wishes, our R&D team is constantly working to develop new ideas, provide unique solutions and exceed your expectations.

Installation & Construction

To be able to secure our high quality we have our own installation team with more than 200 installers, decorators, artist and carpenters.

We ensure that we install all our products ourselves.

Service & Maintenance

Maintenance & Installation

We are proud to have the most professional installation and service teams in Europe. We offer immediate service quotes and long term service agreements anywhere in the world. Inspections, maintenance call-outs and service desk advice are all available directly from us.

Our fast and efficient installations are planned to the hour. At our disposal, and under one roof, we have experts in a wide range of areas; carpentry, flooring, sculting, painting, kitchens, plumbing, electrics and last but not least, play installation.

Our themed inflatables will make your play centre come alive. They offer an easy and cost effective solution to add maximum play value for unused areas. We can supply inflatables to suit any theme.

SPI global PLAY

INFLATABLES

SNOW

PLAY CONCEPTS

From simple indoor snow play experiences to exhilarating snow tubing, ice bars to full indoor commercial ski centres. We will work with you every step of the way to realise your Snow Play vision from concept to reality.

WATER SPLASH CONCEPTS

Refreshingly fun, with water sprays, shallow pools and water cannons. Children of ages 1 - 12 years can enjoy a safe and controlled environment with our zero depth concepts. For both indoor and outdoor installations.

Trampoline Parks

CONCEPTS

Fun for everyone, starting from the very youngest up to teenagers and experienced athletes. Our comprehensive trampoline parks offer full concepts with unique activities and individual designs within a safe and secure environment.

Ninja Courses

CONCEPTS

Designed to be both challenging and fun, our Ninja Course concepts will test your physical and mental ability. A great addition to an indoor trampoline park or as a standalone attraction.

PARKOUR

CONCEPTS

Using improvised athleticism and mental approach, Parkour concepts are about testing your ability in a simulated urban environment to get from point A, to point B as efficiently as possible. Our concepts provide custom layouts in a safe and controlled environment for people of all ages and abilities.

Adventure Mini Golf

CONCEPTS

Indoor Adventure Golf is a fun, safe and highly profitable attraction that has been chosen by many successful entertainment centres worldwide. Through props and sound effects, the surroundings come alive creating a wonderful fantasy world for guests to enjoy.

CONCEPTS

Interactive Mini Golf

Interactive Mini Golf is a fresh take on the classic mini golf. Incorporating custom interactive light and sound effects, the play environment can be customised to provide a fun and exciting experience for players of all ages.

Black Light Mini Golf

CONCEPTS

We will deliver a full concept with a customised Blacklight Mini Golf activity course produced in the theming of your choice. Each course creates a special atmosphere with sound and light effects as well as interactive elements. From Wild Jungle experiences to an interactive journey Around the World, our Blacklight Mini Golf courses will provide an unforgettable experience for family and friends of all ages.

LASER ZONE CONCEPTS

A fantastic experience of Laser Tag gaming in our custom themed black light playing environments. The special lighting, sound effects and interactive elements will ensure a memorable adventure for all players.

Laser Maze CONCEPTS

Can you beat the maze? Our fully immersive and interactive Laser Maze will challenge a player's physical ability and mental approach to a challenging task. Avoid the projected laser beams to reach the treasures hidden in the pharaoh's tomb!

ESCAPE ROOMS

CONCEPTS

Escape Rooms are an interactive and intuitive real-life escape game. Locked in a room with a group of 2 to 8 people, players have a set amount of time to solve challenging puzzles to escape the room. Custom themes and scenarios allow for multiple room environments on varying levels of difficulty to suit all age ranges and abilities. You are only limited by your imagination!

MISSION ROOMS

CONCEPTS

Mission Rooms will challenge your mental ability to solve fast-paced puzzles as an individual or in a team environment. Quickly find the best way to complete the mission and move on to the next task!

Edutainment Role Play CONCEPTS

Promotes child education through fun and imaginative play environments, where learning is encouraged. Customised theming allows for many different scenarios for children to learn and develop through play.

CHILDREN'S DRIVING SCHOOL

CONCEPTS

Our Driving School concept starts in the classroom, where children are educated on the basics of real-world driving. They then put these new skills into practice, driving electric cars around a simulated driving environment.

FIRE STATION Play Zone CONCEPTS

Promotes education through a fun and imaginative environment, where learning is encouraged and team building is a must. Learn the skills in the classroom, then put them into practice while riding the fire engine and tackling the fire!

DINOSAUR PARK

CONCEPTS

Interactive and educational. Our Dinosaur Park concepts promote learning through interactive and animated dinosaur installations with special lighting and sound effects. See T-Rex move and roar, bringing a new dimension to learning about when dinosaurs ruled the world.

Sweet & Classy

CONCEPTS

Sweet & Classy Spas create an opportunity for children and adults to build unforgettable memories and spend quality time together. From children's pamper parties, to adult spa treatments, the focus is on parents and their children sharing a special and relaxing experience.

BOWLING

CONCEPTS

Bowling is a timeless classic that works all over the world. We have multiple options to suite your budget. From multi-lane fully automated bowling alleys, to small mini-bowling lanes that can be incorporated into smaller areas.

8D Cinema

CONCEPTS

A fully immersive and exhilarating experience! With special lighting and visuals, booming sounds and interactive motion seating. The 8D Cinema experience is a full attack on all your senses!

SPI-8D-CINEMA - SHOWREEL-001

SPI-8D-CINEMA - SHOWREEL-002

VERTICAL WIND TUNNEL

CONCEPTS

Experience the thrill of real sky-diving from the safety of the ground! In our custom installations you can learn to balance on the rushing column of air and even learn to spin and flip like the professionals!
