# Adventures activities that *stand out* from the crowd

7x19 are a full service adventure activity provider. From design and construction through to inspections and maintenance we use our extensive background in adventure and construction operations to deliver an outstanding 360° service.

Our bespoke adventure activities can be designed to work for both developmental and leisure environments. So whether you're looking to update your educational facilities or build a unique tourist attraction we're here to support you along the journey from start to finish to the highest of safety standards.

## *Leisure*

Our leisure activities are perfect for holiday parks, recreational facilities and tourist hotspots who are interested in creating unique, fun-filled activities. Whether you want a high ropes course, zip wire, adrenaline drop or a custom-build we're confident in creating the best solution to suit your needs and create a great ROI, indoors or out.

## *Developmental*

Our developmental activities are typically utilised within broader outdoor education programmes at both activity centres and schools. From zip wires and high ropes through to climbing walls and obstacle courses we work with our clients to develop innovative structures that inspire learning and teamwork through adventure.
