## POD IN A POUCH

Your eco-friendly dissolvable cleaning pods

## INTRODUCTION

In today's fast-paced world, convenience and sustainability have become paramount in our daily lives. We all strive for efficient and eco-friendly solutions, especially when it comes to cleaning.

Purozo's Pod in a Pouch revolutionizes the way we clean our environments by offering a simple, convenient, and eco-conscious approach. This innovative cleaning solution is designed to reduce waste, save time, and provide effective cleaning power without compromising on quality or sustainability.

## PAPER BASED CLEANING

Our Pod in a Pouch trigger spray sachets, use a truly unique and revolutionary dissolvable paper-based film using SmartSolve technology.

## WHAT IS SMART SOLVE?

SmartSolve water soluble paper is a bio-based material made from FSC sourced wood pulp fibres and a natural cellulose ingredient. Once the material comes in contact with water, the cellulose ingredient dissolves and the wood pulp fibres separate and remain. Taking less than 15 seconds to dissolve in both cold and warm water.

# ENVIRONMENTAL CLAIMS AND TESTING

- ☑ Bio-Based
- ☑ Zero waste
- ☑ Nontoxicity to fish
- ☑ No micro plastics
- ☑ No PFAS, BPA or Phthalates
- ☑ Readily Biodegradable

- ☑ Flushability
- ☑ No animal bi-products
- ☑ < 30 days full biodegrading
- ☑ REACH compliant
- ☑ Recyclable

## ENVIRONMENTAL BENEFITS

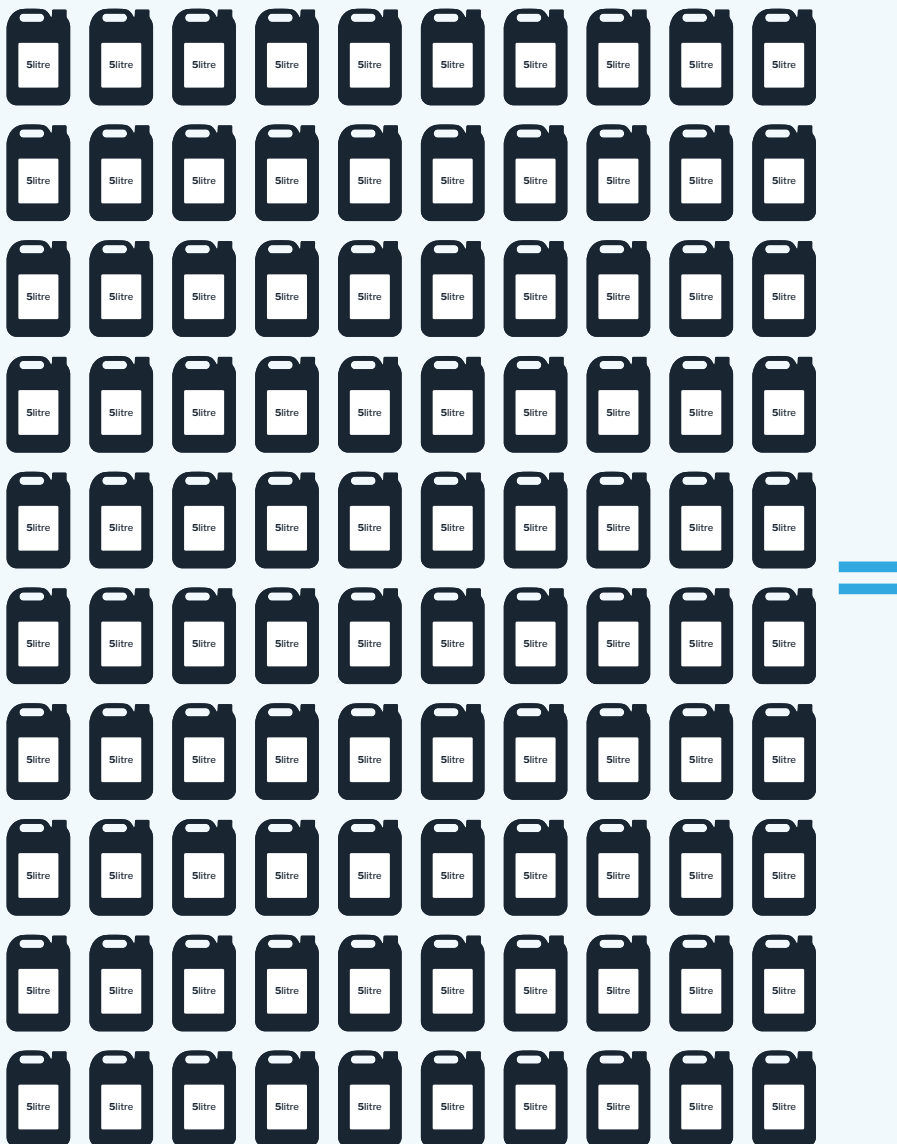

- ☑ Reduce carbon footprint by 95% compared to transporting liquid concentrates. The product in results in no transportation of water
- ☑ Biodegradable, pre-dosed formulations. No risk of chemical overdosing, which has the potential to negatively impact the environment.
- ☑ No single use plastic – bottles designed to be durable and long lasting. Through reusing the bottles, the system reduces waste by 90 % compared to using traditional commercial cleaning solutions.
- ☑ Planet friendly packaging – all FSC certified.

## COMMERCIAL BENEFITS

- ☑ **No wastage** – by supplying products in their concentrated form, wastage is reduced and so is the associated costs with managing this.
- ☑ **90% reduction in packaging** – cleaning products with less packaging are beneficial for the environment. With plastic free packaging, the products will significantly reduce the impact that the plastic packaging tax will have upon your organisation.
- ☑ **Dose controlled** – all the sachets have the correct dose per application making the system straight simple and easy to use.
- ☑ **Lighter products**- manual handling and the associated risks are significantly reduced when moving the product.
- ☑ **Easy to use system** – training and cleaning plans can be provided.
- ☑ **No chemical contact** – the formulations are protected by a water-soluble layer meaning there is minimal risk of the formulation coming into contact with operatives' skin or eyes.
- ☑ **Effective cleaning products for all applications** – the range covers all areas of commercial cleaning.
