Transforming Leisure
and Hospitality Venues
Across the UK

A Constructionline Gold
Commercial Construction &
Refurbishment Company

Transform Your Leisure and Hospitality Venue

We offer a full turnkey park solution for all your construction needs.

We've been designing and building spaces in the commercial and leisure industries since 2014.

Based in Portsmouth, we are an experienced and extremely well-resourced family-run business. We deliver perfection at pace to create exceptional spaces – on time, on budget and beyond expectation.

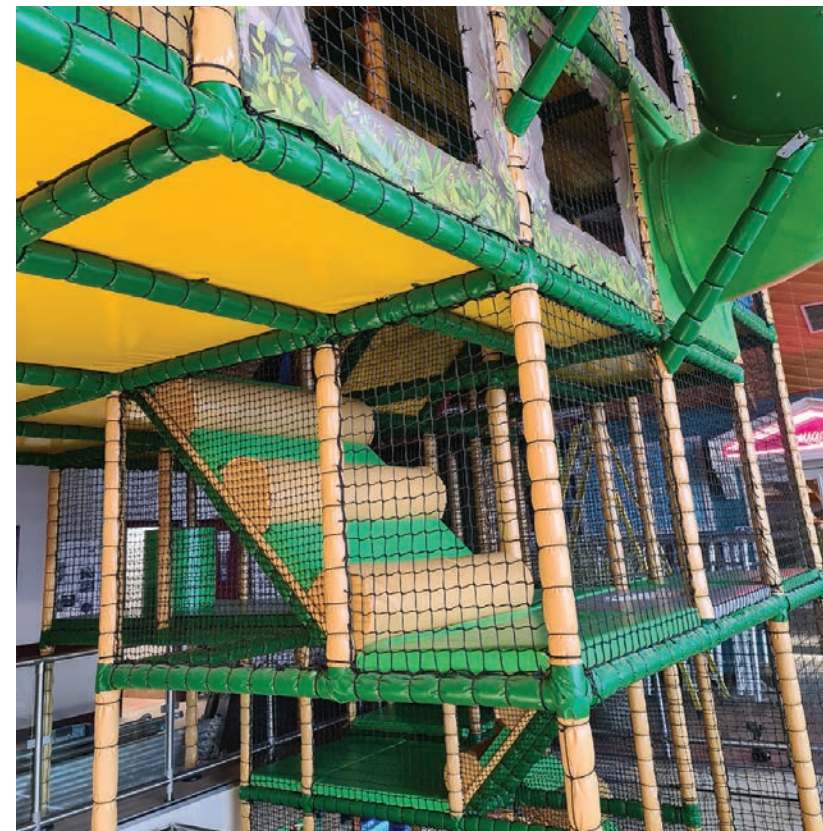

Our Mission – To Deliver Groundbreaking Excellence

We will ensure that the availability of all facilities is maximised throughout delivery, with works phased and sequenced in consideration of your operational requirements. As highly trained leisure refurbishment and construction contractors, security-cleared operatives will implement controls to prevent customers, your staff, visitors and members of the public from encountering live works.

Our Values:

- Provide the very highest standards of workmanship
- Create long-term customer relationships
- Deliver comprehensive, innovative solutions
- Exceed our clients' expectations in both quality and performance
- Provide safe sites, to do all we can to protect the physical and mental wellbeing of our workforce and the general public
- Commit to becoming ever more environmentally sustainable
- Always act in a way that is fair to our suppliers, our clients and to our workforce
- Be an advocate of progress, improvement, and change
- Behave in a considered manner in all elements of our business operations

Shorefield Country Park, Milford on Sea

G and E Projects were selected to work with Shorefield Holidays Ltd to deliver the comprehensive refurbishment of the restaurant, bar and show lounge within the main complex of their leisure park in Milford on Sea.

We started on site in late October and the project ran through to March to get the facility back open to the public ready for the Easter Holidays.

The new look has been inspired by a 'forest meets the sea' concept, in homage to Shorefield Holiday's seven park locations in the New Forest and on the beautiful south coast, featuring a serene green and blue colour palette.

The Beachcomber houses a brand new 750 seat restaurant in which guests will be served food and drinks by robot waiters, meanwhile their dogs can relax here and enjoy breakfast, lunch and desserts served on 'Pooch Corner'.

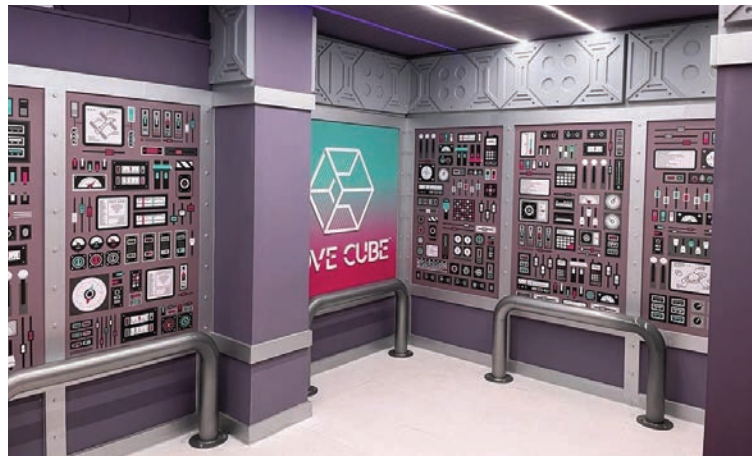

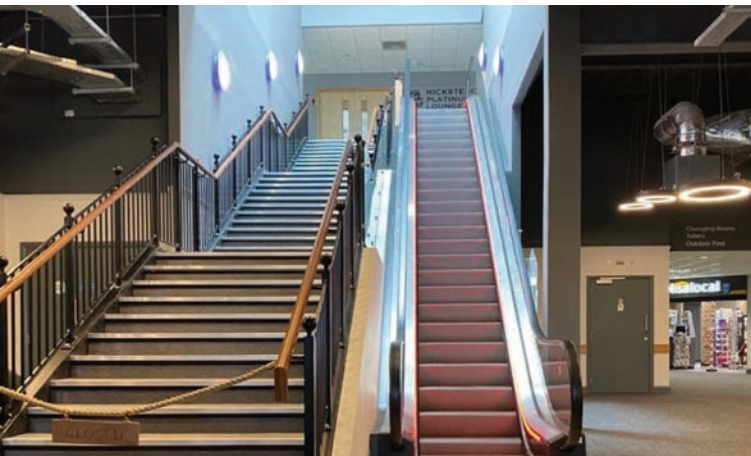

We were delighted to be chosen to lead our client's investment in their new facilities, and to know that we have played our part in their guests enjoying memorable and relaxing family holidays.

White Horse Entertainment Complex, Seal Bay, Chichester

The redevelopment of the Bunn Leisure family park is part of a £23m investment programme, for which we were asked to deliver a full new build and internal fit-out of the new state-of-the-art White Horse entertainment complex. It is now home to a Riviera-style outdoor pool, 10 Pin Bowling, excellent bars and restaurants, an arcade and shop.

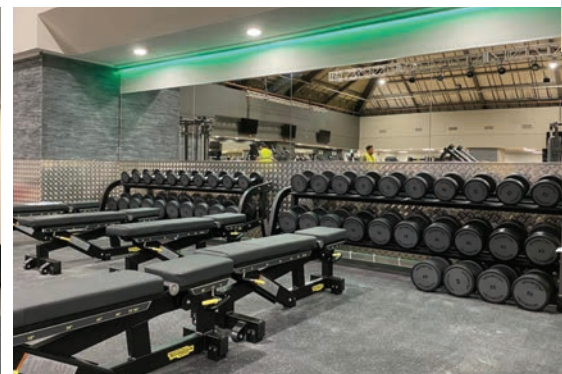

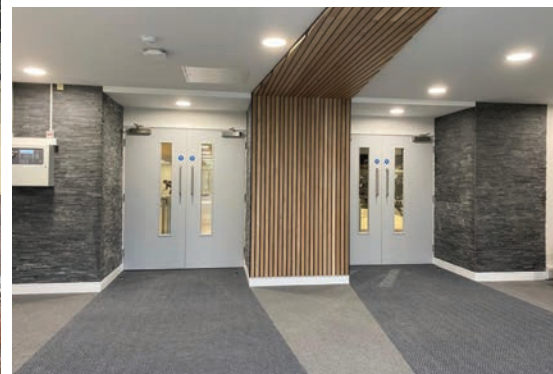

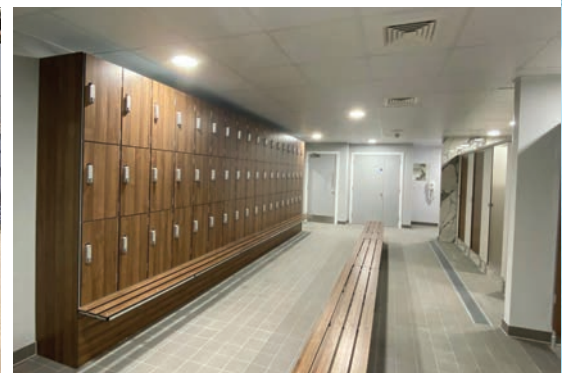

In addition, the complex has its own multi-level soft play, a multi-use indoor sports court and a new entertainment venue seating 1,400 guests. It's now a fantastic venue for entertainment, sports, activities and full-on family fun.

The Pyramids Centre, Portsmouth

The much loved Pyramids Centre is one of Portsmouth's largest entertainment, leisure and event complexes, located just off Southsea Beach. The venue boasts a variety of activities for all ages. There is a spacious multipurpose state-of-the-art gym and a flexible venue space available for conferences, exhibitions and events.

The upgrade not only reduces maintenance costs in the future, but provides a much needed regeneration of this large leisure centre, providing an improved experience for visitors whilst promoting a more healthy lifestyle in the city.

Medmerry Park Holiday Village, Chichester – Outdoor Swimming Pool & Chalets

Medmerry Park offers a lovely environment for families, providing a perfect blend of relaxation and adventure. The chalets are carefully positioned within the conservation area, ensuring that guests are immersed in the serene ambiance of their surroundings, whilst the comprehensive refurbishment of the outdoor pool will guarantee a splash-tastic experience for swimmers young and old.

Take advantage of our experience and knowledge across a range of market sectors
