UNIVERSAL RANGE

Wicksteed's brand new Universal Range provides a multitude of play activities for children of all ages and a range of abilities. Incorporating the latest technology and processes, these are our most sustainable Multiplay structures ever. The inclusive units provide an abundance of physical and sensory play opportunities to excite and unite children and young people, allowing them to play alongside their peers.

Accessories such as the 'Caldera Crawler', interactive play panels, which can be accessed from both standing and seated positions, wide accessible steps and varying width slides sit alongside environmental theming to inspire and educate.

UNIVERSAL RANGE

Our Universal Range provides a unique combination of play features which will enhance any play area. Available in Urban (Blue, Yellow, Green) or Rural (Green, Sandstone, Slate Grey) colours, and offering six distinct configurations, the Universal Range is the epitome of adaptability - suited to a variety of spaces and budgets.

Units shown in Rural colours:

Taka
665-TAKA

Gustnado
665-GUST

Sharki
665-SHAR

Levant with Ramp
665-LEVA-IR

Zonda
665-ZOND

Borasco
665-BORA

Taka with Ramp
665-TAKA-IR

Units shown in Urban colours:

Zonda with Ramp

platforms and inclusive
ramp for ease
of access**

UNIVERSAL QUINTESSENTIAL RANGE

Introducing Wicksteed's new Universal Quintessential Range. Retaining the essence of play from our Universal Range, the Quintessential Range offers a more budget-friendly solution. We've reconfigured the units, removed roof panels and streamlined the deck configurations to maximise budget and play value.

THE ESSENTIALS

Recycled Materials

We've incorporated recycled materials into our HPDE panels reflecting our commitment to sustainability.

Bracket System

Our brand new bracket system streamlines the assembly process and significantly reduces our carbon footprint by maximising the efficiency of our delivery vehicles and allowing more equipment to fit on each trip, whilst ensuring stress free installation.

Quality Guaranteed

This range, as with all our Wicksteed products, is manufactured with love and care in Kettering and comes with our industry leading guarantees.

Colour Choice

Urban: Blue, Yellow and Green

Rural: Green, Sandstone and Slate Grey

Covers and Caps

Our Universal and Quintessential Range features specially molded caps and covers. These innovative design elements eliminate accessible external fixings, significantly reducing the risk of vandalism and contribute to a sleek, polished finish.
