

# Commercial Leading Edge

Cover your commercial pool the easy way

- **Enables you to cover your pool quickly**

Simply use the pull-cord to pull the cover from your reel system onto the pool. Typically, your pool can be covered within a few minutes.

- **Available in blue or grey**

Two different colourways to suit your cover and swimming pool area.

- **Strong and durable**

Designed to lift the heavy load of large commercial covers and to have a good life expectancy in swimming pool environments.

- **Fitting available**

Plastica can fit your commercial leading edge to a new cover ordered, heat welded to foam covers

# Commercial Leading Edge

- **Easy to install**  
The Plastica commercial leading edge can be DIY fitted to a new or existing cover, all fixings supplied.
- **Variety of sizes**  
Available on all pools up to 15m width.
- **Fitting available**  
Plastica can fit your commercial leading edge to a new cover ordered, heat welded to foam covers.
- **Durable material**  
This innovatively designed commercial pool leading edge is manufactured from a strong 900gsm tarp, Supplied with marine grade 8mm and 10mm cord
- **Quick and efficient**  
The buoyancy is achieved by a single pipe insert, heat sealed inside the tarp which allows ease of operation, therefor saving time and effort.

 **Plastica**
