★★★★★ "Great mattress, very good service"

Pocket Sprung Mattresses feature individual springs that adapt to body movements. The British wool lining provides softness and breathability and is encased in silky and natural viscose fabric. You'll appreciate the strong steel wire frame maintaining the mattress shape, while butterfly edge springs prevent damage when guests sit on the bed. Mattresses are 11 inches deep.

Bed Bases and Headboards are designed for high occupancy rates and feature a robust plane-edged timber frame and contract-approved fabric. Bases are 13 inches deep and those larger than single come in two parts.

Two-man delivery to your room of choice is free, including removal and disposal of packaging. All have a 12-month guarantee and comply with BS7177 (Medium Hazard) Ignition Source 5 (Crib 5) Fire Retardancy regulations in accordance with the UK Fire Regulations Act 1988.
