## WHO WE ARE

With over 25 years of experience, Swedice is your go-to partner for year-round Ride, Slide & Glide fun! We are specialized in designing and installing ice rinks and tubing slides, but next to that we do much more. We provide an experience and add value to your location in every possible way. With our in-house design studio we surprise you with creative ideas and diverse possibilities. Ride, Slide & Glide with us and create the ultimate experience for your guests.

## WHAT WE DELIVER

At Swedice, we offer the complete package where every detail of your project is perfectly managed. Let us take the lead. From design and calculation to production and installation, we handle the entire process. Through our collaboration with partners, we guarantee a unique on-site experience.

We understand that each project is one-of-a-kind. That's why we can tailor our products to perfectly match your location, ensuring a seamless fit and enhancing the overall experience. Our unique partnership with Neveplast ensures that the possibilities with the materials are endless, whether it is temporarily or permanently.

Imagine:

- A thrilling tubing slide
- Skiing or cross-country skiing without snow
- Sledding with Sklide
- A driftkart circuit full of unexpected turns
- Ice games without freezing temperatures
- Or any other unique idea!

## MODISLIDE

Modislide is the premium tubing slide experience that takes traditional tubing to a whole new level. This product line offers innovative modular tubing solutions that fit seamlessly into any landscape and provide endless fun for every family member year-round.

Thanks to Modislide's tubing slides, you're no longer dependent on natural hills. The starting platform and steel legs make the various Modislide models adaptable to almost any location.

## PREMIUM EXPERIENCE

Modislide combines European craftsmanship with high-quality materials for durability and low maintenance. Its robust design ensures lasting appeal and a premium look.

Offering both standard and custom tubing solutions, Modislide provides quick-install plug-and-play options or tailored designs. An integrated braking ramp ensures safe stops, even in the rain, for a consistently enjoyable experience.
