Incineration Toilets

SETTING THE STANDARD

Cinderella Eco Group, a family-owned company from Midsund, Norway, has been a leader in water-free incineration toilets for over 25 years. As part of the historic Sjøvik Group, we create and produce sustainable sanitation solutions for a wide range of markets worldwide, setting the standards for quality and innovation.

CINDERELLA TRAVEL

IDEAL FOR RECREATIONAL VEHICLES, CARAVANS AND HOUSE BOATS

Cinderella Travel is designed for transportation options like campers, mobile homes, house and narrow boats. It offers a hassle-free way to manage waste without needing to empty in designated areas. Made in Norway, these toilets are known for their durability, high capacity, and eco-friendly design.

Launched in 2013, Cinderella Travel builds on the success of Cinderella Eco Group's incineration toilets, first introduced in 1997. The system operates using gas or diesel and 12V control power, providing a hygienic and efficient waste disposal solution on the road or water.

Ideal for campers

Recreational vehicles

House and narrow boats

Energy source: Propane or Diesel

Capacity: 3 - 4 visits pr hour

FEATURES
