Quickly create and control rotas, manage timesheets, leave, and sickness, update job roles & HR records, and much more!

Developed by attraction operators, Shiftie was created with both shift and attractions management in mind.

Making shift setup a breeze

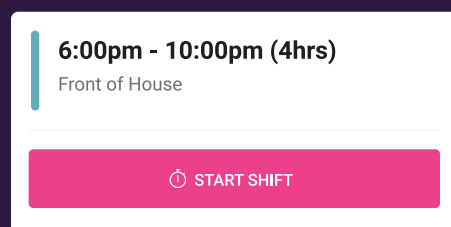

Key Features

- ✓ Shift & schedule templates
- ✓ Holiday & sickness tracking
- ✓ Automated timesheets
- ✓ Predicted staffing costs
- ✓ Real-time attendance tracking
- ✓ Cloud-based access
- ✓ Drag & drop scheduling
- ✓ Seamless shift communication
- ✓ Overtime monitoring
- ✓ Shift acceptance
- ✓ 7-day support

Effortlessly track clocked times

Designed to be as intuitive and user-friendly as possible, Shiftie is built to tackle real-life headaches.

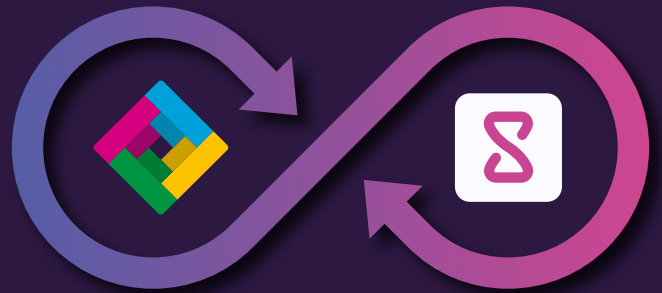

Clock in and out on mobile

Shiftie's integration with DigiTickets makes it even easier to stay on top of your schedule.

With pre-booked visitor numbers pulling through to your rota you can easily plan staff numbers based on how busy it's due to be, ensuring you always have the right team size on site and optimising both efficiency and profit.

Smart scheduling based on real-time booking data

Real-time visitor numbers
