

Farm Assurance

We do the paperwork.

You go farming

Farm Assurance schemes allow farmers to demonstrate that the food they have produced has met specific, independently certified standards at each stage of the supply chain.

Our Farm Assurance service ensures that you stay on track with your record keeping and complete the mandatory paperwork required for your Farm Assurance audit.

Our team of dedicated Farm Assurance experts are here to provide advice and support on all aspects of joining and staying a member of the major schemes.

Our services:

We collate your documentation and provide you with templates to record the information required to pass your Farm Assurance audit.

Our team will conduct a pre-audit of your paperwork and farmyard (if required) and provide you with a 10-section binder that meets the respective scheme requirements.

Advice is also given on how to avoid non-conformances. This service helps to streamline your information and offers support in the lead-up to your audit, ensuring that you are fully prepared on inspection day.

Our Farm Assurance service covers the following schemes:

Red Tractor

All major schemes: Beef & Lamb, Combinable Crops & Sugar Beet, Dairy, Fresh Produce, Pig and Poultry.

LEAF Marque Standard

A farm assurance system which demonstrates sustainability and care for the environment.

GLOBALG.A.P & GRASP

An assurance scheme which represents good agricultural practices, and commitment to workers' health, safety, and welfare.

All clients are supported by our experienced Farm Assurance team who are on hand to provide free support and advice.
