

QUADTRAC & STEIGER AFS CONNECT

QUADTRAC & STEIGER AFS CONNECT

TRACTORS FROM
475 – 715 hp

CASE IH

THE STRONGEST TRACTOR EVER... AGAIN

For over 60 years, Quadtrac® and Steiger® series tractors have helped producers like you get more from the job in demanding conditions. Now we are proud to launch our most powerful tractor ever, the new Quadtrac AFS Connect™ with 715 hp.

GREATER EFFICIENCY

With up to 778 hp maximum power

The concept behind the development of the Quadtrac 715 is not just more power. Our aim was to create a machine that matches the requirements of the largest farms: operating implements at their ideal speed to achieve greater working efficiency. Get your work done within those short windows of ideal weather, even in tough working conditions. And rest assured, your soil is protected: a larger footprint means fewer passes and even greater efficiency.

bigger fuel tank

IMPRESSIVE PERFORMANCE

- Powerful engine with up to 778 hp maximum power
- Up to 428 litres per minute flowrate for up to eight hydraulic remote valves
- Colossal rear lift capacity of 10,092 kg
- Up to 40 % torque rise for best engine response

CONNECTIVITY MEANS EFFICIENCY

- AFS Connect telematics solution – the gateway to Quadtrac AFS Connect™ series tractors
- Extended remote capabilities
- Manage and optimize your farm, fleet, and data with AFS Connect at any time
- Remote screen sharing

COMFORT AT THE HIGHEST LEVEL

- Intuitive AFS Vision Pro operating system featuring new AFS Pro 1200 monitor
- New intuitive and ergonomic controls developed with our customers
- Industry-leading configurable buttons can be programmed with over 100 functions

NEVER EQUALLED

- Articulated steering and Tri-Point Oscillation delivers full power
- Four-track design distributes weight evenly over a total footprint of 5.7 m²
- Oscillation of 26° is provided both upwards and downwards

SAFEGUARD CONNECT

PROTECT YOUR INVESTMENT. ENHANCE YOUR PRODUCTIVITY.

Your new Quadtrac and Steiger AFS Connect comes with full cost control and planning security. SAFEGUARD CONNECT offers a combination of the best Case IH Services in one unique comprehensive package. This set of added-value services is included with your new connected flagship machine*, for long-lasting protection of your investment and maximum farming productivity.

* ask your dealer for the availability, terms and conditions of Safeguard Connect for your new Case IH machine.

- Extended warranty
- AFS Connect Telematics
- 24/7 MAXSERVICE
- Pre-season check
- Operator training by the dealer
- Proactive support with the Connect Room

Safety never hurts! Always read the Operator's Manual before working with any equipment. Inspect equipment before using it, and be sure it is operating properly. Follow the product safety signs, and use any safety features provided. This literature has been published for worldwide circulation. The standard and optional equipment and the availability of individual models may vary from one country to the next. Case IH reserves the right to undertake modifications without prior notice to the design and technical equipment at all times without this resulting in any obligation whatsoever to make such modifications to units already sold. Whilst every effort is made to ensure that the specifications, descriptions and illustrations in this brochure are correct at the time of going to press, these are also subject to change without prior notice. Illustrations may show optional equipment or may not show all standard equipment. Case IH recommends **AKCELA** lubricants.
