- Increased traction both on land and on the road with its renewed pattern and double-angle tread structure
- Comfortable driving both in the field and on the road
- Extra protection in the tread area against fatigue and cracking thanks to the increased lug block
- Increased productivity with special pattern design
- High resistance against punctures and tears thanks to 3-layers bar structure

Built on Expertise Since 1991

Since 1991, we have been on a journey to achieve excellence in the global market and stand out with our expertise. Advancing with a vision to reach leadership and become a global brand, we are committed to making a difference.

The Art of Being a World Brand

With a network of over 400 authorized dealerships in Türkiye and reaching 90 countries across 6 continents worldwide, we are steadily growing to become a globally recognized brand with our high-quality products.

Comprehensive Product Portfolio

At Özka Tyres, we utilize advanced production systems to create a diverse range of products. Our radial agricultural tyre selection includes options for tractors, harvesters, and trailers, while the conventional agricultural tyre category features products for tractors, trailers, harvesters, and garden/field use. In the industrial tyre category, we offer options suitable for excavation, road construction machinery, forklifts, and our newly introduced solid forklift tyres. Additionally, we manufacture tyres for light commercial vehicles, such as pick-up/minibus tyres, and cater to the specific requirements of the military panzers. Our solutions, crafted with expertise, address the varied needs of the industry.

The Art of Innovation

Our R&D team develops products based on our expertise, ensuring the quality and safety of our products from raw material input to post-shipment control. We conduct our business with innovative solutions and certify our quality with ISO9001, ISO14001, ISO45001, and ISO27001 management system certificates.

Customer-Centric Approach

With a customer-centric approach, on-time delivery, and quick solutions, we offer robust, reliable, and compliant tyres that meet national and international standards. Managing all processes with expertise, we efficiently handle our order processes in a corporate infrastructure that works seamlessly through renewed CRM, B2B, and SAP systems. Our post-sales support and technical service teams provide swift solutions to inquiries, suggestions, and complaints.

The Art of Moving Forward

We consider our young, dynamic, and experienced team of 1500 employees as the foundation for sustainable growth. Actively participating in activities such as corporate training, seminars, and exhibitions for the development of human resources, we consistently strive for improvement goals.
