Bike sealant's best-kept secret

## Magic Milk Motocross

- ◆ SEALS UP TO 9 MM PINCH FLATS AND TUBE PUNCTURES
- ◆ TESTED WORLDWIDE IN MOTOCROSS, ENDURO, TRIALS
- ◆ WATER-BASED: LASTS THE LIFE OF THE TUBE/TYRE

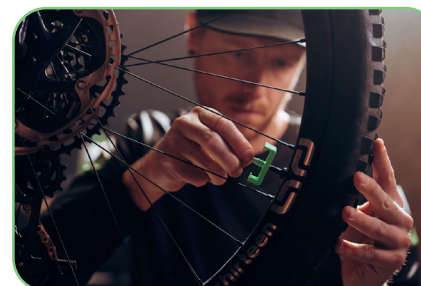

Magic Milk Motocross is built for the demands of **motocross, enduro, and trials**, powering through **sharp impacts, rocky terrain, and high-speed descents**. It seals **punctures up to 9 mm**, including **pinch flats and snake bites**, for **race-ready protection that lasts**.

This **water-based, ammonia-free, non-latex formula** is **safe for both tubed and tubeless tyres**, and has been **tested worldwide by top riders for performance under pressure**—from practice laps to podium finishes.

## OKO Cap – Clean, Simple, Smart

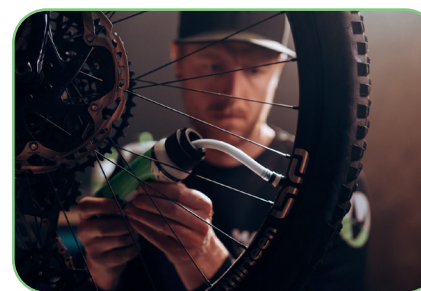

Say goodbye to mess and hassle.

Our **innovative dual-valve cap** is designed for **effortless, tool-free sealant application**—whether you're in the workshop or out on the trail.

- ◆ **Dual-valve compatibility:** fits both **presta (removable core)** and **schrader valves** with a secure, leakfree seal.
- ◆ **Built-in core remover:** no extra tools needed, remove valve cores in seconds.
- ◆ **Integrated straw system:** delivers **precise, mess-free application** directly into the valve.
- ◆ **No adapters, no spills, no stress**—just clean, controlled sealant flow every time.

## Magic Milk Quad & ATV

- ◆ ENGINEERED FOR AND PROVEN IN THE TOUGHEST COMPETITIONS
- ◆ WATER-BASED: LASTS THE LIFE OF THE TUBE/TYRE
- ◆ SEALS INNERTUBE AND TUBELESS PUNCTURES

Magic Milk Quad & ATV is engineered for **off-road adventures and extreme terrain**, delivering durable puncture protection ride after ride. Whether you're tackling mud, rocks, or rugged trails, it's built to keep you rolling.

This **water-based, ammonia-free, non-corrosive formula** is **safe for tyres, rims, and all terrain components**, and is proven in the toughest competitions. It reliably seals **both innertube and tubeless punctures**, making it a trusted choice for off-road pros who demand **endurance and reliability**.
