GLOBAL SPARE PARTS

LOCAL SPARE PARTS FROM A GLOBAL MARKET PLACE

www.web-parts.com

Visit our online portal www.web-parts.com to search for spare parts for agricultural machinery, construction equipment, fork lifts as well as other heavy machinery

Welcome to www.web-parts.com

Webparts is an online portal, which gives customers from all over the world the opportunity to search for and buy spare parts for agricultural machinery, construction equipment, fork-lifts as well as other heavy machinery.

Webparts functions as the connecting link between potential buyers and vendors, and takes care of order processing, payments, shipment and marketing.

Webparts is a BtoB webportal and all prices are excluded VAT.

Start selling your spare parts on www.web-parts.com or find spare parts with good discounts for your next repair job.

Our range of spare parts originates from the following brands:

Claas, Valtra, Fendt, Massey Ferguson, JCB, Case IH, Case, Deutz-Fahr, Deutz, Dalbo, New Holland, John Deere, Kverneland and many others

Webparts is part of the company JMA A/S, which offers ERP solutions to the machinery dealer business. The ERP solution is based on Microsoft Dynamics NAV and can be integrated with other Microsoft products. The DSM solution also integrates to www.web-parts.com as well as many other online services.

JMA A/S is based in Denmark with branches in Sweden, Norway and Germany. The company is 100% focused on the machinery business and develops solutions for the future in cooperation with the machinery dealers.
