

# FAIRWAY HYDRAULICS

Manifolds

**CETOP 3**

Side, Rear, - Side & Rear Ports  
P & T 1/2" BSP - A & B 3/8" BSP  
(larger ports available on request)

With or Without Relief  
Port Cavity

I-6 Station

Test Tappings  
Dump Cavity

Cast Iron & Aluminium

**CETOP 5**

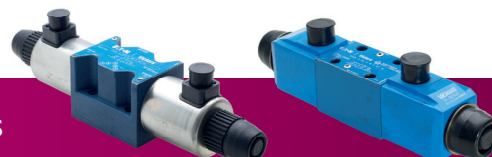

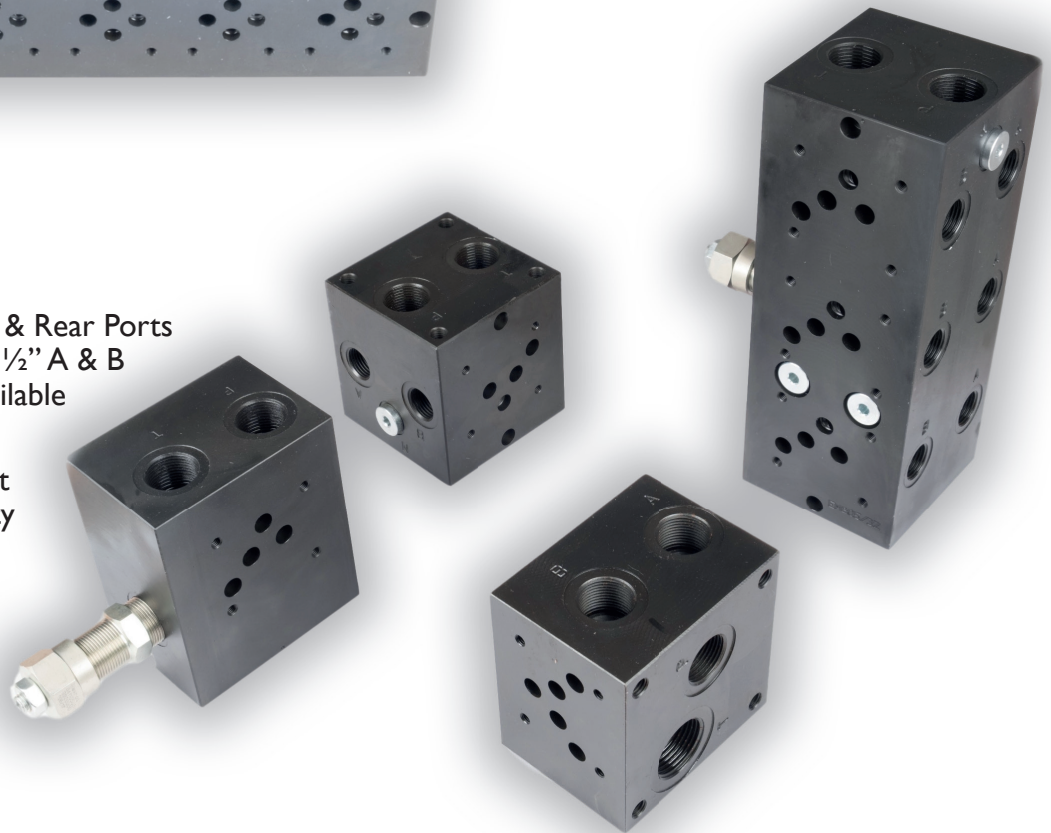

Side, Rear - Side & Rear Ports  
P & T 3/4" BSP - 1/2" A & B  
(larger ports available  
on request)

With or Without  
Relief Port Cavity

I-6 Station

Test Tappings  
Dump Cavity

Cast Iron

## CETOP 7 / CETOP 8 / PLATES

---

### CETOP 7

A-B 1" BSP, P 1" BSP  
- T 1.1/4" BSP

With or Without Relief  
Port Cavity

1-4 Station

Cast Iron

### CETOP 8

Side Port

1.1/4" Ports A-B, P & T

2-5 Station

Cast Iron

### PLATES

Subplate, Blanking &  
End Plate

Tapping, Reducing &  
Crossover

Switch Plate

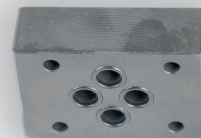

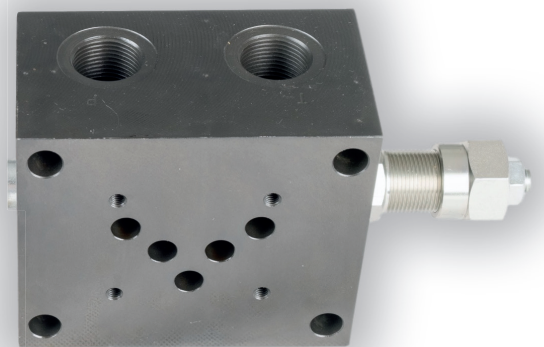

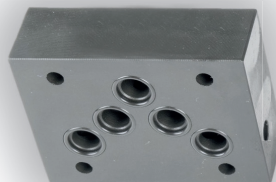

Cetop 3, 5, 7 & 8

BSP Ports  
1/4" - 1.1/4"

Relief Port Cavity  
Options

Side & Rear Ports

Cast Iron

# MODULAR & VALVES

## MODULAR

Extension Manifolds

Pressure Relief

Solenoid Check  
Modules

Cast Iron -  
Phosphated

Corrosion  
Resistant  
Finish

## VALVES

Adjustable Relief

30 - 150 Ltrs/Min - 350 Bar  
Max Pressure

Unloading Solenoid 2 Way, 2-Position  
Voltage 12v DC, 24v DC & 110v DC

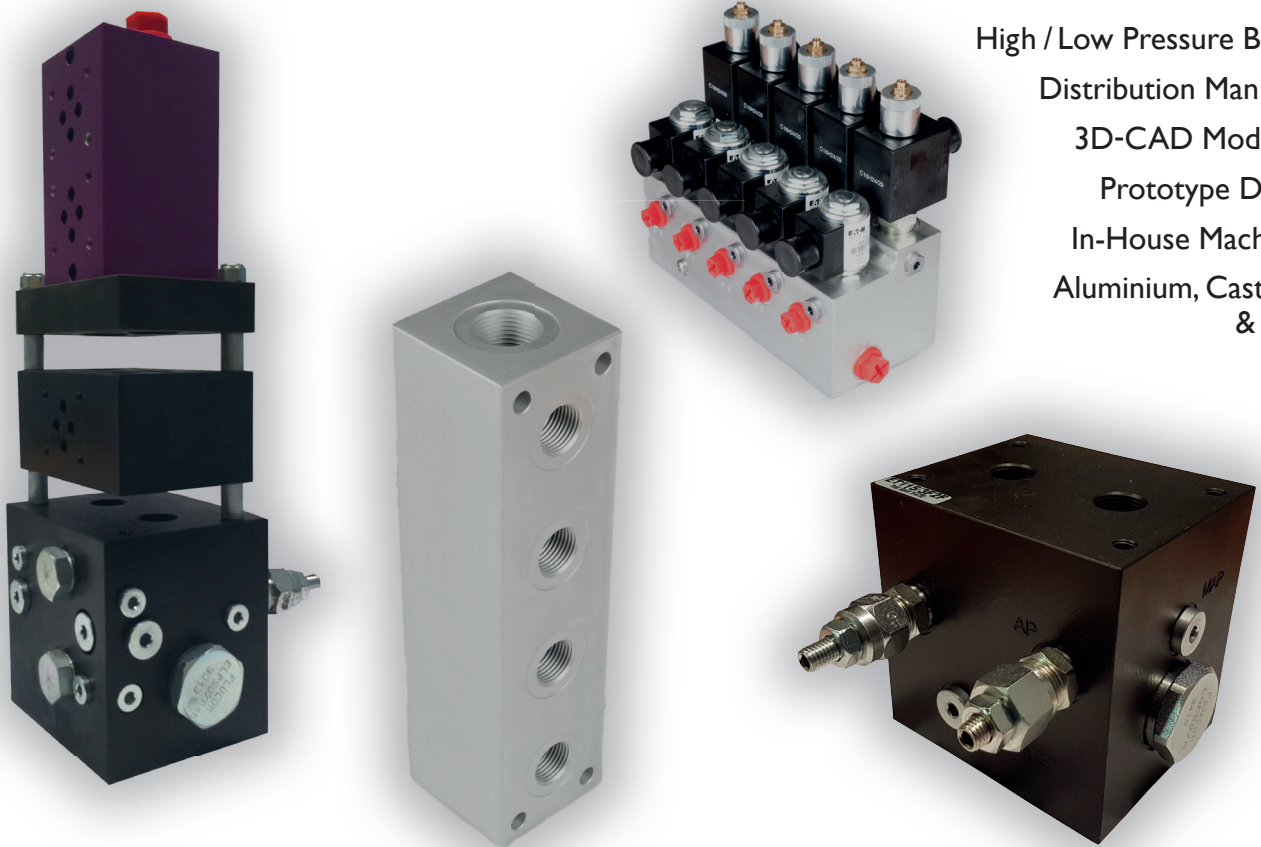

Cavity Plug

Ask about our range of Cetop Valves

## STACKING SYSTEMS & SPECIALS

---

High / Low Pressure Blocks  
Distribution Manifolds  
3D-CAD Modelling  
Prototype Design  
In-House Machining  
Aluminium, Cast Iron  
& Steel

---

***Fairway Hydraulics offers a comprehensive range of standard and specialist Manifolds, complementing both the Industrial and Mobile market.***

***Our range of Manifolds offers Cetop 3, 5, 7 & 8, Pressure Blocks, Plates, Modular, Distribution, Stacking Systems and Accessory Components.***

***With Fairway's 50 years experience and understanding of engineering, along with our in-house 3D-CAD modelling, prototyping facilities and supported with over 12,000 cavity tools, we are able to make and design special Manifolds quickly and machine to exact standards.***
