smart irrigation management

GET READY FOR THE NEXT LEVEL OF IRRIGATION

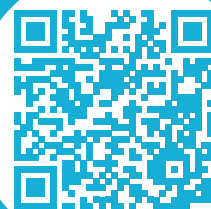

What is it all about?

- Your entire irrigation at a glance
eg. Position, Progress, Finish Time
- Alarm in case of malfunction
eg. Low pressure, No movement, Tilted cart
- Avoid needless drives to the machine
- Save water & energy
- Automatic documentation and reports

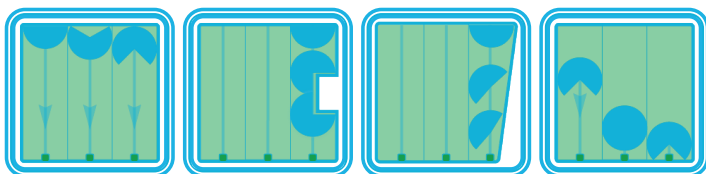

Remote Control via App

- Operate your machines remotely and conveniently out of the Pocket (Start, Stop, Speed Control etc.)
- See machine status in real time
- The right amount of water to the right place with Variable Rate Irrigation
- Auto Speed - the cruise control for your irrigation
- Automatic stop in case of fault

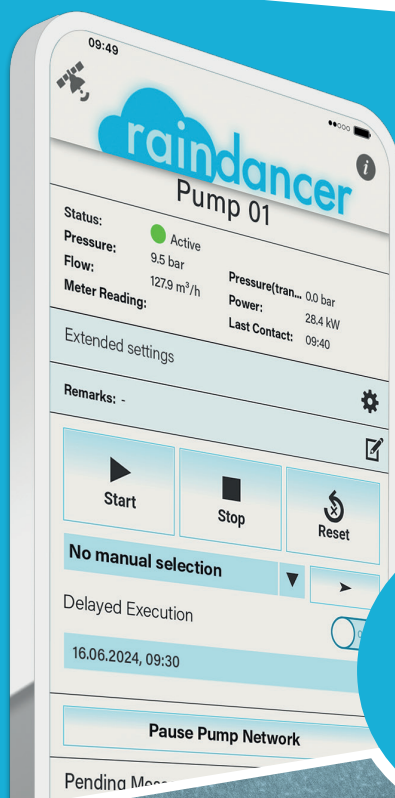

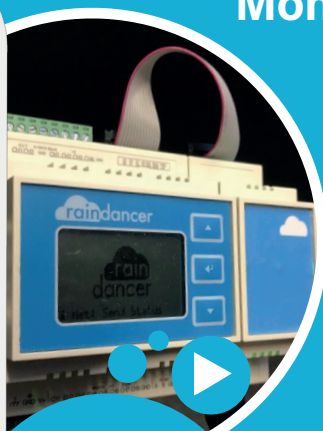

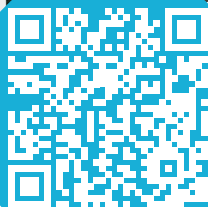

Automatic Gun Control

- Keep the water inside your field
- Automatic gun adjustment according to the shape of the field
- Optimal irrigated zones at start and end of the run
- Irrigation around obstacles
- Speed is adjusted according to the irrigated area
- Suitable for all long range irrigation guns

Monitor and control your pumps

- Remote control (Start, Stop, Adjust pressure)
- Monitor data in real time like flow, meter reading, power and pressure
- Automatic pressure adjustment
- Connection via internet
- Retrofittable for most electric pumps

Save Time

Save Water & Energy

More Quality Time
