PRECISION CONTROL UNMATCHED RESULTS

KX7 Pro Series gives you in-field adjustment to the grain window for dialed-in threshing in all conditions. **Zero covers, zero compromises; one adaptive system.**

Patent No. 11,497,171

SYSTEM-LEVEL VERSATILITY

- **Patented grain window adjustment** quickly optimizes performance
- **Customized threshing on demand**, right from the field
- **Unmatched results** without changing concaves or adding covers
- Trusted for **superior grain quality, balanced shoe loads, and grain retention**
- **Premiere system for stripper headers**, mixed-moisture conditions, and tough-threshing crops
- **Proven Kondex performance**
