Tama® EZ Web®

Better Bales. Easily.

Easily the most environmental way to bale...

Tama®
FARM GROWN SOLUTIONS

Easily the most environmental Crop Baling Solution ever made!

Designed to bale better

EZ Web has the same holding forces and bale compression as either Netwrap or NRF

Easy to load

Same application as Netwrap or NRF.

Easy to bale

Longer rolls, fewer stops, simple, trouble-free baling.

Easy to protect your crops

Suitable for all types of balers and crops.

EZ Web	Netwrap	Film
		
115-130 grams per bale	**115-130** grams per bale	**250-350** grams per bale
<20% soilage contamination	**~50%** soilage contamination	**20%** soilage contamination

Designed to be recycled

EZ Web Elevates your baling with eco-conscious end-of-life management, reducing plastic waste while maintaining optimal output.

Fully recyclable

EZ Web can be recycled on its own or with any type of Strechfilm.

Easily recyclable

EZ Web is removed much, much more cleanly from the bale, so it's easier to recycle.

Genuinely recyclable

EZ Web is made with 30% post-consumer recycled content.

REMOVE
Easily removed from the bale!

CLEAN
Just a gentle shake can remove all crop remnants

COLLECT
Considerably less discarded plastic from each bale

RECYCLE
Materials are cleaned, ground and palletized in preparation for reuse.
