POWER FOR ANY JOB

RANGER XP Kinetic's electric motor produces industry-leading horse power and torque, making it the most capable and most fun RANGER ever.

EFFORTLESS HAULING & TOWING

Class-leading 1,134 kg towing and industry-leading 567 kg hauling capacities let you move more rock, brick, hay, dirt, wood, and supplies at one time so you can get the job done faster and in fewer trips.

INSTANT TORQUE, PRECISE CONTROL

The electric motor delivers all of its torque instantly, allowing for immediate pulling power while towing, precise control in tight quarters, and amazing throttle response out on the trails.

A new shifter design also adds an integrated switch for forward and reverse to the existing high, low, neutral, and park gears for easy transitions between the two.

DAWN TO DUSK RANGE

With an available 80 miles of estimated range (Ultimate version), RANGER XP Kinetic has plenty of juice to work even the toughest shifts from sun up to sun down.

MOST DURABLE DRIVETRAIN

Power is sent to all four wheels via a synchronous belt drive that eliminates the need for a clutch and offers maximum drivetrain durability and smooth power delivery.

LESS MAINTENANCE, MORE UPTIME

Forget about oil changes, fluid flushes and air filters. With far fewer maintenance requirements, RANGER XP Kinetic provides unrivaled service intervals and lets you focus on the job at hand, not upkeep.

QUIET OPERATION

The electric powertrain helps you connect to what matters most. Quietly haul gear to the blinds, work closely with livestock, or enjoy an easy conversation with passengers without engine noise in the background.

USER SELECTABLE DRIVE MODES

RANGER XP Kinetic has three drive modes to optimize for the task at hand.

Eco+: Limits torque and top speed.

Standard: Optimises for everyday driving and moderate-sized jobs.

Sport: Optimised for spirited driving and the toughest jobs.

POWER ON BOARD

A 12V cargo box outlet is convenient for powering accessories like sprayers or small tools. It is controlled via a switch on the dash for easy on-off operation, eliminating the need to exit the vehicle to control connected accessories.

MAKE IT YOURS

RANGER XP Kinetic is compatible with 95% of RANGER XP 1000 accessories, plus a host of new dedicated accessories to explore.
