## DISPLAY VEHICLE REGULATIONS

Under SCDF guidelines, motor vehicles powered by flammable liquids and/or gas motor vehicles may be displayed under the following conditions:

1. A fire extinguisher is to be supplied with the vehicles. A maximum of three vehicles is permitted in close proximity to one fire extinguisher.
2. Batteries shall be disconnected in an approved manner.
3. The fuel tank is to contain less than  $\frac{1}{4}$  full of fuel.
4. Fuel-tank openings shall be locked and sealed to prevent the escape of vapors. The motor vehicle fuel filler cap must either be sealed or secured to prevent the easy removal of the fuel cap by unauthorized persons.
5. Vehicles using liquid fuel shall be refueled in the open air outside the Centre.
6. A Risk Assessment & Method statement must be submitted at least 14-days prior to the vehicle's arrival.
7. For display of electric or battery operated vehicles, the exhibitor should ensure the vehicle is properly immobilized from any accidental start up and the traction battery is disconnected at all times. No charging of electric vehicles is allowed in the display area during show time.
8. For details on the display of Flammable Gas (CNG) Powered Motor Vehicles, Formula One Motor Vehicles or Vehicles using highly volatile fuels, please reach out to your Account Manager in the first instance.
9. Test drives of vehicles are not allowed in the Centre. Should such activity be required during the event, please request this through your Account Manager. The Centre will consider such requests case-by-case and all necessary safety measures are in place.
