8. Order forms
9. Client List (us showing off!)

Call: 01926 611777/8

Email: [hello@kdisplay.co.uk](mailto:hello@kdisplay.co.uk)

# Did you know?

The organisers of this exhibition have always used us to...

- Print the graphics you will see around the exhibition halls
- Print the graphics on the Seminar Halls and Workshops
- Create and produce specific hanging banners and logos
- Produce exhibition stands for sponsors
- Be the "back up" team when other printers have let exhibitors down
- Be the Official Print supplier since the start
- We are the **only** graphics team that keeps the same personnel **on site** before and during the exhibition!

# Delivery & Install Prices

Regular exhibitors will tell you that the best way to be organised before a show is to eliminate any potential problems before they happen. What if your graphics turn up late? Or worse, what if they don't turn up at all or they're the wrong size?

At K display none of those things have ever happened nor can they happen. We're printing the organisers graphics so we **have** to be there with your graphics too... 3 days before the show opens! We know exactly the correct sizes and exactly which types of shell scheme are being used! Use our services and we guarantee your graphics will be delivered **direct to your stand**, ready and waiting for you on Build Up Day for just £50+vat - **no matter how much you have, that's a fixed price just for you!**

# Don't fancy putting up the graphics yourself?

Who can blame you. Its time consuming, you'll need fixings, probably a step ladder and tape measure, maybe even a ruler and knife, plus you'll have to get there early to book a parking and delivery slot with Traffic Control. Ask us for a quote and use our on site team. Prices start from only £50. Your time is worth more than ours costs! And its a lot easier to turn up to a fully dressed stand.

.....  
All prices listed are exclusive of VAT and is applicable where valid.

# Shell scheme sizes

## Measure your stand...

We use measurements that we know will work even if you reuse your stand on a different type of shell scheme. Just let us know your stand number and we will send you all the specs and sizes. We know that if you have a designer that understands your brand, it's best to use them to create your stand graphics. If you don't, we also have a team of designers ready to help out. They get booked up very quickly so let us know if you would like a quote asap.

# What is FX?

## FX:

FX is an abbreviation of "foamex". Foamex is a white coloured, 3mm thick rigid plastic board. It is the preferred exhibition standard for graphics because it lays flat, looks great on shell schemes, it doesn't damage as easily as other medias and because we print directly onto it you get a fantastic satin/matt finish that gives your images a rich, high quality feel. This is the best cost effective solution that most exhibitors will use and if you choose our install/breakdown options, it is also the cheapest, all round complete "hassle free" option.

# Self Install Graphics

## Self install graphics:

Finished, wrapped & quarantined for at least 72hrs before delivery\* direct to stand on Build Up Day.

All fixings and instructions supplied

Have your Self Install graphics on either FX or iPro (Self Install only). For iPro we use HP DreamColour printing on a 350mic high white media, then seal it with a crystal finish scratch-proof film. This is a rollable graphic for "between the poles". You will need a carry drum for iPro graphics. \*Delivery £50+vat

For more information about different medias, give us a call or ask for our guide to exhibiting brochure.

# Panels & Velcro (minimum order of £25. All prices "each" plus vat)

3mm Foamex Panels	per panel	Velcro PS18 - specifically for shell schemes	
<b>A1</b> (841x594mm)	<b>£25</b>	<b>25m roll</b> (hook)	<b>£25</b>
<b>A0</b> (841x1189mm)	<b>£50</b>	<b>25m roll</b> (loop)	<b>£25</b>

# Pull up stands

Minimum order of 1. Based on 850mm wide Spitfire and 850mm wide Finesse and Supreme\*. Ask for details  
 \*The Supremes' sell out exceptionally quickly because this is a premium product at a budget price. Please order in advance and ask about stock levels. We get them in batches and when they're gone, they're gone.

 **The Spitfire**  
 Only **£69** RRP £99

 **The Finesse**  
 Only **£99** RRP £149

 **The Supreme**  
 Only **£149** RRP £199

All prices listed are exclusive of VAT and is applicable where valid.

# FX Panels & iPro

Prices based on 3x2 stand

All prices listed are exclusive of VAT and is applicable where valid. <sup>†</sup>Price is for each Z Lite-Rature Stand.

# 10 top tips for exhibitors

- 1.** Save money on lighting. Hire a fluorescent strip light (FL5). Have it fitted on the inside of the longest fascia on your stand. Its the cheapest, there's no need for an electrical box, it makes a huge impact and you look "open for business".
- 2.** **Set targets!** Before the show decide what targets you want to reach eg. 10 hot leads and 20 sure fire appointments. Then your staff will know what they're aiming for and you can judge if it was a success.
- 3.** You've shelled out a lot of money on just being at the expo and now you want to save some. Save it on your hotel, food and drinks, things your potential clients can't see. Your stand is a reflection of your business, its your "shop front" and 30,000 people are going to make a decision based on first impressions - **you need to look good, not just be there.**
- 4.** **Don't waste money on branding unless you are specifically there to raise brand awareness.** Most people are selling a service or product, focus on that and your key message. For example, we sell large print and signage. So, even though we have our logo on the stand, we splash "large print and signage" all over it too, and that's it!
- 5.** **Brief your stand staff.** Its really important they know why you and they are there. Are they collecting data? Qualifying people for further discussions? Booking appointments?
- 6.** **Don't just collect data.** Try to book a day and time to call them. If they're expecting a call they will be far more responsive and positive about taking the call.
- 7.** **Have a table but forget seats/stools on the stand.** A; It doesn't look great if staff are sitting around. B; If you unfortunately get a time-waster, its quite difficult to move them on if they're sitting down. You've spent so much to be there, you don't need them taking up your valuable time.
- 8.** **Qualify attendees.** You don't want to spend ages talking to someone who is not in the market for your service or product. Ask a few qualifying questions first. eg. Why are you here? What does your business do? Do you use 'such and such' product/service? Then you can either carry on or politely say that it was nice to meet them and hope they enjoy the expo, then move on to the next person.
- 9.** **Less is more!** Don't fill your stand with loads of messages and words. Keep it simple. You've got about 3 seconds to get someones attention!
- 10.** **Buy sports insoles for your shoes.** You'll be surprised just how much your feet ache after 10 hours of standing around.

# ORDER FORM 2021

All prices +vat. For orders and enquiries not on this form, or if you would like further assistance:

Call or email the expo team (Karl or Callum) to have a chat...

**01926 611777**

**hello@kdisplay.co.uk**

**IMPORTANT:** Fill out & email to us **OR** print>fill out>scan/photo, then email to **hello@kdisplay.co.uk**. Postage orders could be missed. If you have not received confirmation and an invoice via email within 3 days of your order, you are **NOT** booked in. Call us before you submit your order.

## DEADLINE DAYS...

(secure your order by submitting artwork in advance of these dates, call us if you can't)

**5wks minimum before expo:** orders that require use of our graphic designers to produce "print ready" artwork, book **BEFORE** this date.

**4wks before expo:** for submitting "print ready" artwork from your graphic designers (please ask for specs/sizes **BEFORE** this deadline).

**BREAKDOWN & DESTROY Service** (we do not offer a courier returns service).

You **MUST** remove your stand graphics during "Breakdown" to avoid hefty fines by the venue **AND** contractors. We are obliged to offer this discounted service to our clients. You can **not** order **after** deadlines or **during** the expo.

**EARLYBIRD OFFER:** Confirm B&D service 5 wks before the expo & its £50. Order it up to 3 weeks before the expo & its £150

**PLEASE BE AWARE THAT WE SELL OUT OF THE "Install to Stand" OPTION VERY QUICKLY. BOOK EARLY TO GUARANTEE IT.** Our time is often cheaper than yours & worth the "peace of mind" to turn up & its ready for you. However, we only have a limited amount of time to build the stands and once this allotted time is gone, its gone. This is an optional extra and will be sold out before the deadline days. Please DO NOT wait until the last minute to order this service. If we have sold out of "Install to Stand" options, you can still install the graphics yourself.

**BETWEEN THE POLES GRAPHICS** orders (call us for sizes and /or InDesign templates for your designers):

<b>3x2 stands</b>	Foamex	iPro (add carry drum to order)	Install to Stand	Total

**ACCESSORIES:**

Pop up Counter with custom graphic & wheeled carry case	<input type="checkbox"/> 2x2 (wide) £299	<input type="checkbox"/> 1x3 (tall) £289	<input type="checkbox"/>
A4 Literature stand with executive case	<input type="checkbox"/> A5 £85	<input type="checkbox"/> A4 £89	<input type="checkbox"/> A3 £119

**Install your own graphics with the approved Velcro™ for shell schemes** (you do NOT need to order Velcro™ if we are installing your graphics):

Although slightly more expensive, there is only 1 type of Velcro™ that properly sticks to this type of shell scheme & doesn't fall down. Experience has taught us not to sell the cheap unbranded Velcro that other online suppliers provide, it simply doesn't stick securely. This is not a sales tactic, its a fact that the chemical composite of the glue, foamex & cleaning agents used are not compatible, only this type works on this shell scheme.

**SUGGESTED QUANTITIES:**

<b>3x2 stand</b> : between the poles	<b>3 open sides</b> x1 roll of each	<b>2 open sides</b> x1 roll of each	<b>1 open side</b> x2 rolls of each
<b>3x3 stand</b> : between the poles	<b>3 open sides</b> x1 roll of each	<b>2 open sides</b> x2 rolls of each	<b>1 open side</b> x2 rolls of each
<b>4x2 stand</b> : between the poles	<b>3 open sides</b> x1 roll of each	<b>2 open sides</b> x2 rolls of each	<b>1 open side</b> x2 rolls of each

25m roll hook	<input type="checkbox"/> £25	<input type="checkbox"/> x Quantity =	<input type="checkbox"/>
25m roll loop	<input type="checkbox"/> £25	<input type="checkbox"/> x Quantity =	<input type="checkbox"/>

**NOTES:**

We **GUARANTEE** your stand graphics will be delivered to your stand by midday on "shell scheme build up day" if you are installing the graphics yourself. We also **GUARANTEE** we'll have your graphics installed to your stand before the end of "build up day" if you use our "Install to stand" service. Unlike other printers, we are onsite from Monday of that week, through until Breakdown & all our clients get our mobile no's so they can contact us directly. You will not find a more secure, peace of mind service than this.

Some of our clients include...

*"K display have been an integral part of this exhibition for over a decade. They are creative, professional and communicate superbly with our clients."* — John Pearce | Prysm Group
