NORTHERN RESTAURANT AND BAR BOOM CONTINUES

A survey of opening and closure rates has shown that the hospitality scene in Manchester, Liverpool and Leeds city centres has increased by an average of over 19%, whilst London recorded barely a third of that growth.

2021 will be the twentieth year of the North's hospitality exhibition. From Liverpool to Leeds, the North East to North West and the Lake District to the Peak District, NRB20 is your opportunity to meet, speak and do business with over 8,000 hospitality professionals.
