SUPPORTING MANUFACTURERS.

As a specialist in providing manufacturing solutions, our experience provides us with the knowledge to identify common challenges within the sector. This allows us to quickly resolve and implement the most appropriate technologies.

Supporting Manufacturers with:

- MRP
- CRM
- ERP
- Power BI

CONNECTING APPLICATIONS FOR STREAMLINED PLANNING & REPORTING.

THE SOLUTION

Using Microsoft Dynamics 365 Business Central, Mar-key strengthened their systems for efficient business growth. Enhanced streamlined Mar-Keys applications by unifying all their processes. From the first conversation of specification details, down to the final delivery.

THE BENEFITS

- Business Growth & Efficiency
- Management Information
- Automation & Streamling
- Company & Client Collaboration

Enhanced and the new system has facilitated our growth from £6M to £12M.

Ben Stoggie
CEO | Mar-Key Group

DATA SECURITY FOR THE NEXT STAGE OF **BUSINESS** **GROWTH.**

THE SOLUTION

Enhanced implemented key operational changes backed up by new technologies, which provided a resilient, secure and streamlined IT System. These solutions met specific security standards required for Norcos customers, giving them the competitive advantage for new Tier 1 contracts.

THE BENEFITS

- Robust Security
- Business Efficiency
- Competitive Advantage
- Business Continuity

“

Working with Enhanced has been a fundamental change. It's meant that we can grow and develop our business in the areas we want to.

Mark Northey
Managing Director | Norco
