

Mirage™ VEHICLE RECOGNITION MODULE

by percipient.ai

- State of the art vehicle recognition on every mission
- Live alerting to potential vehicles of interest (VOIs)
- Geocorrelated characterization of VOIs across missions
- Comprehensive understanding in real time
- Best in class integrated license plate recognition

Mirage™ VRM data can also be further leveraged within the Mirage™ FMV Module to correlate people, vehicles and objects, creating powerful intelligence analysis to...

ELEVATE HUMAN UNDERSTANDING FOR THE MOST SECURE MISSIONS
