As-is disclaimer

Case studies, comparisons, statistics, research and recommendations are provided “AS IS” and intended for informational purposes only and should not be relied upon for operational, marketing, legal, technical, tax, financial or other advice. Visa Inc. neither makes any warranty or representation as to the completeness or accuracy of the information within this document, nor assumes any liability or responsibility that may result from reliance on such information. The Information contained herein is not intended as investment or legal advice, and readers are encouraged to seek the advice of a competent professional where such advice is required.

Confidentiality disclaimer

This presentation contains confidential information. By accepting this presentation, you acknowledge that the information contained herein (the “Information”) is confidential and subject to confidentiality agreements, which limit your use of the Information, and you agree to keep the Information confidential. The Information may only be disseminated within your organisation on a need-to-know basis. Please be advised that the Information may constitute material non public information under U.S. federal securities laws and that purchasing or selling securities of Visa Inc. while being aware of material non public information would constitute a violation of applicable U.S. federal securities laws.

3rd party logo disclaimer

All brand names, logos and/or trademarks are the property of their respective owners, are used for identification purposes only, and do not necessarily imply product endorsement or affiliation with Visa.

Best practice disclaimer

Case studies, research and recommended practice recommendations are intended for informational purposes only and should not be relied upon for marketing, legal, technical, tax, financial or other advice. When implementing any new strategy or practice, you should consult with your legal counsel to determine what laws and regulations may apply to your specific circumstances. The actual costs, savings and benefits of a card programme may vary based upon your specific business needs and programme requirements. Visa makes no representations and warranties as to the information contained herein and member is solely responsible for any use of the information in this presentation in connection with its card programmes.

Analyses may be based and dependent on underlying data sourced or provided from third parties. Visa does not make any representation with respect to the quality or accuracy of such data; furthermore, the quality and accuracy of such underlying data may affect the resulting analysis.

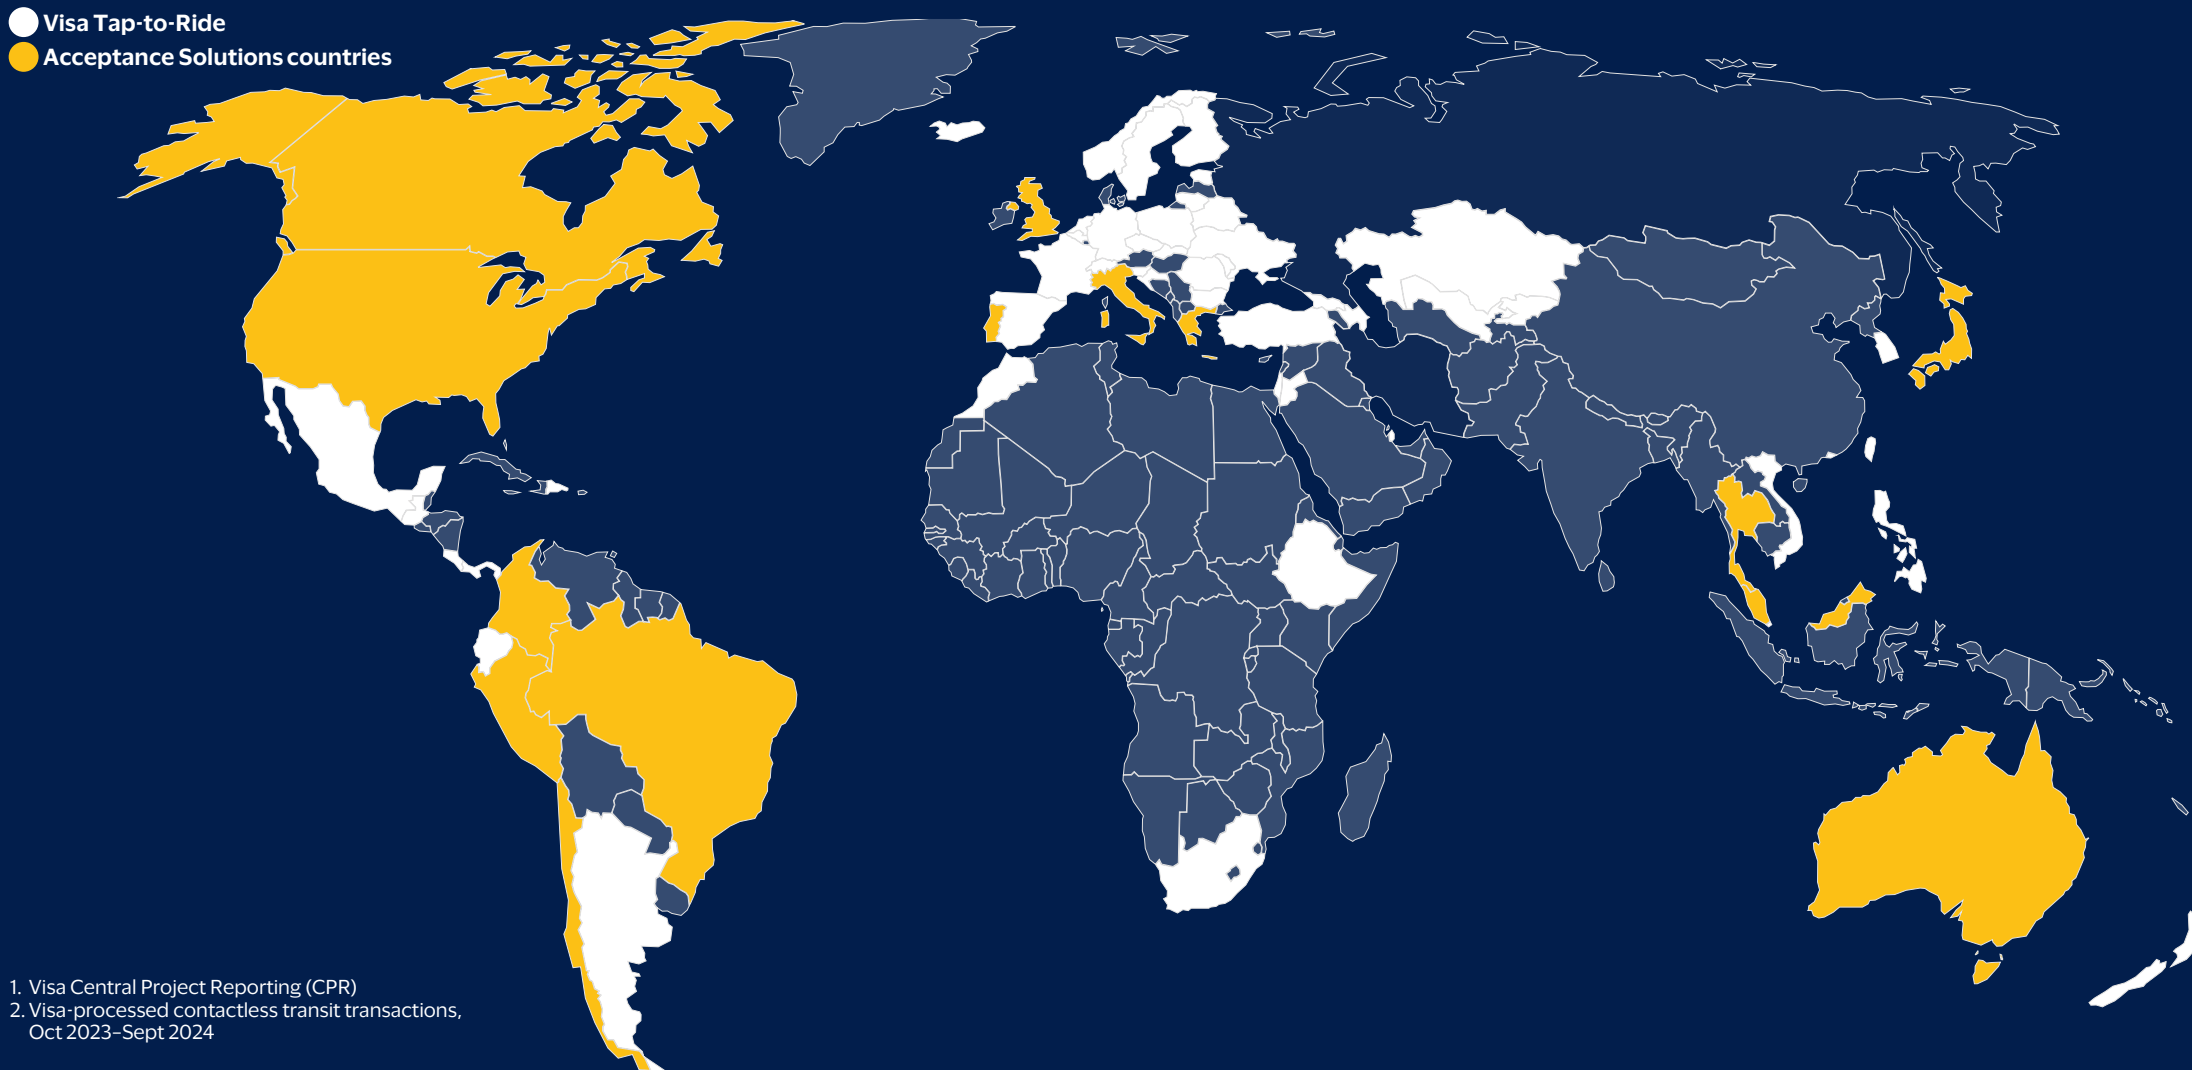

Tap-to-Ride, still the best rider payment experience

2 billion
