Small tables

A range of tables featuring tops with softly irregular shapes. Curves and organic lines that interact with different essences, heights and shapes, merging without end. Not just a simple exercise of scale but different personalities.

Tavolini

Una famiglia di tavoli con piani dalla forma dolcemente irregolare e fluida. Linee curve e organiche che dialogano con essenze, altezze e forme diverse, combinandosi senza fine. Non un semplice esercizio di scala ma tante personalità diverse.
