

DAY ONE | WEDNESDAY, 21 MAY 2025

Time	Agenda		
08:55 – 09:00	Opening remarks by Organiser		
09:00 – 09:10	Opening address by Ministry of Health		
09:10 – 09:30	Opening keynote presentation – Strategic Vision of How GenAI Will Unlock an Unprecedented Transformation in Healthcare		
09:30 – 10:10	Keynote Presentation Assets to Power GenAI in Today's Healthcare: Streamlining Processes and Securely Integrating Systems		
10:10 – 10:50	Opening keynote panel – A Silo HealthTech Ecosystem All-In: Accelerating and Expanding Innovation: The Importance for Collaborative Effort Across Key Stakeholders		
10:50 – 11:30	Networking break & Exhibition Visit (40mins)		
11:00 – 11:30	Hosted Buyers Connection		
11:30 – 11:50	HealthTech: The Strategist	HealthTech Transformation	HealthTech Infrastructure
	<i>Insights on aligning with market trends, managing change effectively, and developing strategies that drive today's healthcare landscape. Ideal for executives looking to lead with agility and adapt to the ever-evolving healthcare landscape</i>	<i>Insights on cutting-edge technologies, digital health solutions, and innovative practices like AI integration, telemedicine and automation reshaping the industry. Aligned for those leading the next wave of Healthtech innovation.</i>	<i>Insights on data interoperability, cybersecurity, cloud solutions, and scalable IT systems that support digital health innovations. Ideal for those looking to strengthen the foundation of their healthtech ecosystem.</i>
	HealthTech Equilibrium: Balancing Innovation, Governance and Compliance in the Digital Era Lens	Integrating Innovation in Healthcare: Myths, Realities, and Breakthroughs	Interoperability Systems: To Ensure a More Secure and Reliable Data Interchange
	Payers Panel Collaboration in Value-Based Care Initiatives and Population Health Management	AI as an Assistant: Empowering Patients and Healthcare Practitioners for Enhanced Self-Management and Improved Clinical Outcomes	Strategies for Tech Stack and Implementation: Efficient and Safe Deployment
	Fireside Chat: The Future of Patient Experience	Fireside Chat: Lab to Life: How Integrating GenAI Clinical Documentation, Transcription, and Electronic Health Records Brings Reality to Innovations	Fireside Chat: Cloudification: Deploying Easier Access of Patient's Data and Analysis Between Healthcare Enterprises
12:50 – 14:20	Lunch (90mins)		
12:50 – 13:50	Sponsored Luncheon Roundtables (KIV)		
13:50 – 14:20	Hosted Buyers Connection		
14:20 – 15:00	Keynote Panel Partnerships & Collaboration: The Do's and Don'ts to Drive Healthtech Innovation		

DAY ONE | WEDNESDAY, 21 MAY 2025

Time	Agenda		
15:00 – 15:20	Keynote Presentation – reserved for Title Sponsor Trust, Transparency, and Governance in the Age of Digital Health within Healthcare		
15:20 – 16:00	Panel Session Innovating Healthcare: Driving Transformation Change Across Asia		
16:00 – 16:40	Networking break & Exhibition Visit (40mins)		
16:10 – 16:40	Hosted Buyers Connection		
16:40 – 17:00	How Today's Tech Drive Tangible Value in Patient Care, Operational Efficiency, and Overall Business Growth	Digital Mental Healthcare: Diagnose, Monitor and Treat via Mobile Device	Crown Jewel of Healthcare: Protecting and Preventing Data Breach and Cyber Attacks
17:00 – 17:20	Change Management: CIO's Driving Business Value with Technology Advancement for Better Patient Empowerment	Ideation to a Success Metrics: How to Measure the Impact of GenAI and IoT on Your Healthcare Business	Strategies for Success in EMR Implementation: Integrating AI & ML for Better Results
17:20	Closing Remarks		
17:30	HealthTechX Connecting the Ecosystem Cocktail Reception		

DAY TWO | THURSDAY, 22 MAY 2025

Time	Agenda		
07:30 – 08:30	Yoga morning		
07:30 – 09:00	Founders Breakfast - Investors - The Funding Gap within HealthTech		
08:55 – 09:00	Organizer opening remarks		
09:00 – 09:20	Opening keynote presentation Futuristic Vision on Tomorrow's Health Practitioners and SMART Hospitals		
09:20 – 10:00	Opening keynote panel - The ASEAN/ASIA Perspective: Regulating Digital Health		
10:00 – 10:20	Keynote Presentation: Title Sponsor Digital Twin: Revolution of Health AI Product Lifecycle to Streamline Validation and Viability		
10:20 – 11:00	Networking break & Exhibition Visit		
10:30 – 11:00	Hosted Buyers Connection		
	HealthTech: The Strategist	HealthTech Transformation	HealthTech Infrastructure
	<i>Insights on aligning with market trends, managing change effectively, and developing strategies that drive today's healthcare landscape. Ideal for executives looking to lead with agility and adapt to the ever-evolving healthcare landscape</i>	<i>Insights on cutting-edge technologies, digital health solutions, and innovative practices like AI integration, telemedicine and automation reshaping the industry. Aligned for those leading the next wave of Healthtech innovation</i>	<i>Insights on data interoperability, cybersecurity, cloud solutions, and scalable IT systems that support digital health innovations. Ideal for those looking to strengthen the foundation of their healthtech ecosystem.</i>
11:00 – 11:20	HealthTech Innovation & Ethics: The Focus on Responsibility, Trust & Safety <i>This session focused on the critical need to address the ethical implications of AI's integration into sensitive areas like patient care and data handling. Overcoming the ethical deployment of innovation as a technical challenge but a moral and societal obligation</i>	AI in Critical Care: Optimising Workflow, Predicting Patients Deterioration and Improving Care <i>The session focuses on streamlining workflows, proactively predicting patient deterioration, and improving care delivery. Discover how AI-driven tools assist healthcare teams in making timely decisions, managing high-stakes environments, and enhancing patient outcomes</i>	Blockchain in HealthTech: Improving Transparency and Preventing Data Manipulation <i>More than a buzzword—explore how it can transform healthcare security with its decentralised, transparent data ledge and overcome data sharing security challenges.</i>
11:20 – 11:40	Hospital Journey to Innovation - Sandbox Implementation & Deployment	Wearable Devices and IoT in Improving Patient Outcome and Monitoring	Smart Hospital Journey Driven by 5G, IoT and Automation
11:40 – 12:20	Practice Management: Building a Vision as The Centre of Effective Healthcare Systems and Driving Business Value	Panel From Readiness to Innovation: Navigating the AI Regulatory Landscape	Panel Connectivity: Anytime and Anywhere Revolution around The On-Demand Healthcare Services

DAY TWO | THURSDAY, 22 MAY 2025

Time	Agenda		
12:20 – 12:40	Collab & Slay: How Startups Can Effectively Implement Partnerships within The Healthcare Ecosystem	Collab & Slay: Collaborating with Startups to Redefine Health at Home with Today's Evolving Tech	Collab & Slay: Startups Turning Data into Actionable Insights: Evidence-Based Framework for Improving Overall Data Analytics
12:40 – 14:00	Lunch Break & Exhibition Visit		
12:50 – 13:50	Sponsored Luncheon Roundtables (KIV)		
13:50 – 14:20	Hosted Buyers Connection		
14:00 – 14:20	Clinical Governance Innovation: Incorporating Tech, Defining Processes and Strategies into Practice	From Algorithm to Real-World Solutions: Next Generation Electronic Medical Record to Enhance Care Management	Network Segmentation: The Layered Defense in Balancing Data Security and Patient Care
14:20 – 14:40	Chief Medical Officer As Your CIO: What Are the Advantages and Challenges to Overcome	Singapore Case Study: AI and Technology Empowering Clinical Medicine for an Overall Value Based Care	Data Science and Architecture: Extending the Healthcare Collaboration Beyond the Borders
14:40 – 15:20	Panel: Accelerating the Approval and Adoption of Advance Innovation by Collaborating with Regulators and Healthcare Institutes	Panel: Enhancing Healthcare Access through Telemedicine and Remote Patient Monitoring	Panel: Safeguarding Healthcare Data and Systems - Choosing the Right Firewall Solutions
15:20 – 15:40	Networking break & Exhibition Visit		
15:20 – 16:20	Roundtable sessions: Join us for these roundtable sessions and connect with like-minded peers to accelerate innovation in healthcare RT 1: Innovation centers RT 2: Machine Learning (ML): Insights to Develop Evidence-Based Care RT 3: Healthcare Providers - Building a Winning Tech Team	Tech - Clinics: TeleHealth : Patient Engagement and Experience in the Digital Age - Strategies, Challenges and Future <i>Exchange ideas, foster creativity, and encourage problem-solving through interactive activities and discussions at this session</i>	Tech - Clinics Breaking Down Data Barriers: Structured vs Unstructured <i>Exchange ideas, foster creativity, and encourage problem-solving through interactive activities and discussions at this session</i>
16:20 – 16:50	Startup Battle (Startup Sponsor) - KIV		
16:50 – 17:00	Closing Remarks		
17:00	End of Day two
